SEEK MORE DYNAMITERS FOR "TIMES" MURDERS.

District Attorney says Indictment of Others is Expected Soon.

Clash Over Activities of Grand Jury Brings Out Startling Facts in Schmidt Courtroom—Noel Declares Some of the Killers are Attending the Trial—Seven Permanent Jurors now in the Box.

DEVELOPMENTS of yesterday in connection with the trial of M. A. Schmidt on the charge of murder of Charles A. Haggerty, one of the twenty victims when the original Times Building was dynamited, caused the statement in open court by Dist. Atty. Woolwine that there are yet more dynamiters in connection with this case, and that there is a prospect of their being indicted; that his office has been working to that end.

Special Counsel Noel, who came from Indianapolis, where he was connected with the successful prosecution of dynamite cases, in addressing the court just before adjournment last evening said that he believed that some persons who frequent the courtroom ought to be indicted for murder, and that it is certainly a heinous condition if they can go in and out free and not have to pay the penalty for their acts.

The situation that brought about these statements began to develop when the court first opened yesterday morning. At that time counsel for the defense addressed the court, stating that they wanted to call attention to alleged actions of the District Attorney's office connected with the grand jury and witnesses in the Schmidt case.

Judge Willis stated that this was an improper matter to present before the jury, and that the defense could present its affidavit to the court and it would be taken cognizance of at 4 o'clock in the afternoon.

ACCUSES DISTRICT ATTORNEY. After the jury had been dismissed for the day the subject was again

Four Tons of Books in Twelve Volumes.

Progress—Backward.

CIVIL SERVICE KNOCKS OUT JUDGE'S GOOD WORK.

THE failure-to-provide court which became an institution in the hands of Judge Monroe, will be transferred back to the justice court, which formerly handled this business. Judge Monroe has instructed Deputy District Attorney Joss not to issue any new complaints for his court. Cases which have been continued will be taken care of, and in the language of the court they will trickle along in Department Thirteen until the last has been disposed of.

The act of the County Civil Service Commission in "dunking" out Miss Allison, who has efficiently handled the failure-to-provide cases for Judge Monroe, is directly responsible for the change. She has been in the examination because, as Judge Monroe wrote Secretary Doty of the commission, she was asked questions other than those pertaining to her duties as her position. This letter, published in The Times last Saturday, was a hot shot from an indignant judge, who emphatically stated that he would not break in a new assistant.

The failure-to-provide cases handled by Judge Monroe in the last three

EVERYTHING TO EAT, WEAR, USE.

Home Products Display Even Surprises the Makers.

Los Angeles Goods Shown to Second to None.

Broadway from First South Industrial Education.

Los Angeles as a producing center was given official recognition yesterday with the opening of Home Products Week in the windows of nearly every downtown store.

From pins to pipe organs; kitchen aprons to hall-room gowns; asbestos stove covers to refrigerators; asbestos cracker to mattresses, there are few things that Los Angeles is not making for her citizens.

Interested crowds paused before the windows of progressive firms showing not only home products but the processes of manufacture or completion. A walk down Broadway from Ninth to First streets by anyone with the faculty of observation is today an industrial education.

Few women wearing a diamond, whether the size of a pinhead or a gem rivaling the famous "Kohinoor," have ever had opportunity to see a diamond cut, as is being done throughout the day in the windows of Brock & Company.

Few persons have ever even understood the packing of a cracker in its neat container. In the windows of the Albert Cohn store two pretty girls from the Pacific Coast Hiscuit Company pass their whole day at packing crackers and labeling the boxes to make the package more attractive.

GLOVE MAKING.

The Lane-Thayer Company has several girls busily engaged at sewing kid gloves. They are members of the staff of a local glove factory and are assisting in their demonstration by a man cutter. To see the stitching of intricate designs, so dear to the heart of every woman who wears gloves that watch her gloves is a revelation in accuracy of a sewing machine.

Lying down for the third of the lifetime that every person gives up sleep, there is always the thought of a comfortable mattress, particularly if the one on the bed occupied happens to be as hard as a board. Watching a group of workmen with their machinery stuff mattresses with cotton grown in Southern California is a restful process. Barker Bros. have not only supplied the white cotton—they show the cotton plant in all stages of growth and the various phases of cotton from the time it is picked until packed into a mattress. The display of this company occupies half a block on Broadway and is probably the most notable of all home product shows. Two men busily engaged in the manufacture of reed chairs; several men rebuilding typewriters; several women manufacturing window and lamp shades; one illustrating the making of an asbestos and cotton table protector, are just a few of the things to catch the passer's eye.

AS GOOD AS PARIS.

The value of the show was nowhere more clearly demonstrated than at the Broadway Department Store. In filling one of the windows with suits and gowns made here, the decorator developed the fact Parisian models are not superior to what Los Angeles designers can effect. A handsome ball-room gown had been in the window for less than half an hour before a woman asked that it be shown and finding it of workmanship and quality as good as any made in New York or abroad, immediately purchased the garment and filled it so perfectly at the fitting that no alterations were necessary.

In addition to the Jaegerfontein diamonds that came from South Africa in the rough, Brock & Co. have an engraver of silver and gold busily engaged while another expert is mounting California stones in various bits

FORTY DAYS FOR SPEEDER.

Most Severe Sentence Ever Imposed for Drunken Autoist.

The severest sentence ever imposed on a speeder or reckless automobilist in this city was given yesterday to Charles M. Mutchler, a chauffeur, who was ordered to serve forty days in the City Jail by Judge Crawford in the University police court. Mutchler was chauffeur for William H. Holliday.

He was arrested Saturday night at Vernon and Moneta avenues for driving Mr. Holliday's car in a reckless fashion while he was intoxicated. He rammed a number of machines, bounded over the curbing and bowled over a water hydrant.

HONOR BAY CITY TODAY.

As a compliment to the Bay City, which will celebrate "San Francisco Day" at the Panama-Pacific Exposition today, a State legal holiday has been declared by the Governor. All public schools, banks, and many of the city and county offices in Los Angeles will be closed. The employees of the District Attorney's office will be given a holiday.

Several of the courts will remain open. There will be no session of the Schmidt trial. The holiday will be celebrated throughout California as a tribute to San Francisco.

BAN ON POWDER.

"Trifolious Faces" at the Los Angeles High School Lead to Drastic Mandate.

Miss Elizabeth Sullivan, vice-principal of the Los Angeles High School, has issued a mandate prohibiting the girls from using powder on their faces. Miss Sullivan complains that there have been too many "trifolious faces" at the school lately.

(Continued on Second Page.)

MRS. ENGSTRUM BUYS FIVE THOUSAND ACRES.

THE largest land deal in a year in Santa Barbara county, was closed yesterday when Mrs. F. O. Engstrom of Los Angeles bought of the immense ranch at Santa Ynes for \$100,000. The land includes a part of the town of Santa Ynes and several miles of bottom land bordering the Santa Ynes River, besides a large area of highly fertile fruit land having southern exposure. A great extent of the acreage is described as possessing every element for the development of a thrifty colony, and is in a highly developed section. On one side the College Ranch Company has extensive orchards, and on the other the Solvangern Los Angeles investors.

CHAPLAIN NAVE ON ARMY POSTS.

SAYS HE FOUND CONDITIONS BETTER THAN EVER.

Declares Statement to the Contrary Attributed to Him by a Reporter Were Not Made—Not "Heathenish" and Not "in a Bad Spiritual Way."

LOS ANGELES, Nov. 1, 1915.
Gen. H. G. Otis,
Editor of The Times.

Dear Gen. Otis: I am sure the statements attributed to me in The Times of this morning, relating to the army and navy, must have surprised you, as they surprised and shocked myself. I was called up by The Times office yesterday to know if I could give The Times anything relating to my observations at army posts, and I replied that I would be very glad to do so. A reporter was sent to my home to get notes from me, and I gave him an interview. I was surprised, on opening the paper this morning, to find that I had been represented as "heathenish;" that the "army and navy are in a bad spiritual way;" that "Uncle Sam is neglecting the religious life of his soldiers and sailors," etc.; while the fact is I made no such statements at all. I did not myself use the word "heathenish" or its equivalent, nor any term that reflected on existing conditions at army posts. On the contrary, I mentioned the conditions as better than I had ever known them to be in the course of all my active service. I found fewer prisoners in guardhouses, more done in the way of supplying recreation for the men than has ever been done before, and a spirit of contentment and good order that was very marked. I mentioned that I found groups of garçons around our great posts without complaint, thus affording splendid opportunities to the churches to show their interest in our men under the colors, but that the churches had failed to measure up to their opportunities and duty. I mentioned that at one post the wife of an officer, speaking of the lack of religious services and of a Sunday-school for her children, remarked, "We live like heathens." It was said rather jocosely, but deploringly. The reporter took a

SEE A BONDLESS WAY TO BUILD HIGHWAYS.

Through Mint Canyon.

These propositions, Mr. Hamilton stated, refer to flood control, La Brea road, and other highway work.

Mr. Pridham declined to arbitrate, stating that each proposition should be adjudged on its own merits. The matter was postponed until tomorrow, when a vote will be taken for the second section of the resolution.

The entire resolution follows: Whereas, the public interest and convenience require the construction of a concrete highway along the Mint-canyon road, beginning at a point about five miles north of Saugus and extending to Palmdale;

Now, therefore, that the road commissioner of Los Angeles county be instructed to immediately prepare and submit to the board of supervisors a plan and specifications for the building of such concrete highway; and

Be it further resolved, that the money for the building of such highway be appropriated from the 1915-1916 and 1916-1917 automobile tax; and, in the event of a shortage in these funds, from the general fund of Los Angeles county; and, if necessary, that a sufficient amount of the bonds, which have heretofore been purchased with the surplus funds in the county treasury, be sold to defray the expense of building such highway; and

Be it further resolved, that the road commissioner be instructed to transfer the team shovel, now in operation in Topanga Canyon, to the said Mint-canyon road as soon as the Topanga road project is completed.

WHERE'S GOLD?

CRY INVESTORS.

Promised Fabulous Profits
in a Movie.

New Warrants are Out and
"Producer" Decamps.

Thousand Per Cent. Return
was His Bet.

"The Shame of the Nation" was
supposed to be a great motion picture
in being fabulous profits to those con-
cerned in the production. Now it has
resulted in a warrant being issued for
D. W. Goodrich, the producer, on a
charge of having obtained money un-
der false pretenses, and the clamor of
many investors who, it is alleged,
were to receive 1000 per cent. profit
on their \$5000 investment.

Warrent Officer England of the
police department could not find Mr.
Goodrich last night, and a rumor was
spread that the producer had fled in
an automobile to a zone of greater
security.

The immediate charge is brought
in the negotiations with Mrs. Belle
Rabb, No. 1220 South Olive street,
from whom he secured \$50, with the
promise to return her at least
100 per cent. interest on her invest-
ment within a few weeks, and also
promise of a job for two years in
motion picture work. For the re-
mainder of this year her contract
called for \$30 a week; for 1916 she
was to receive \$40 a week, and for
1917 she was to receive \$60 a week.

Every person who played a part in
the film drama had to invest in the
company at least \$50 according to the
contract, for "initial expenses and
services of preparation." The State
Corporation Department, which in-
vestigated the corporation and made
complaints to City Prosecutor
Warren L. Williams, estimates the
total loss of investors at \$6000.

In his letters inviting investment
and association, D. W. Goodrich re-
presents himself as a producer, with
some years' experience in business
in England. The contracts are writ-
ten on the stationery of the Consoli-
dated Motion Picture Corporation,
with offices in the Consolidated Realty
Building, Sixth and Hill streets, and
just and property in Culver City.

Mr. Goodrich reported his com-
pany purchased the plant of the old
Rabin company in Culver City, and
purchased adjoining property, all of
which was in possession of the
company. Investigation is alleged to
show he took an option on the
Edison plant in Culver City, erected
a "property" street showing a Mexi-
can scene, hung out a banner with the
slogan, "Watch Us Grow," and sought
investments.

The production for which he sought
investments was the filming of a sce-
no, represented to have been writ-
ten by Herman Whitaker, a literateur,
and called "The Shame of the Na-
tion." It was represented to show
actual conditions in Mexico.

He contracted with Mrs. Rabb to
pay her 2 per cent. on the profits of
the film, in addition to the salary ar-
rangement. His prospectus recited he
had already sold the State rights to
the film in New York and Pennsylv-
ania for \$5000, and as the product
this would cost but \$2500, according
to his estimate, insurance for all in-
vestments was already certain.

Other victims are reported by City
Prosecutor Williams to be Harry
Wardward, Arthur Jackson, E. J.
Blum, W. O. Freer, were communi-
cated and Miss F. Hall. One of the com-
plaintants to the State Corporation
Department through H. W. Bowman,
lawyer, was Claude H. West, No. 10
North Flower street, who had in-
vested \$100 through Mr. Goodrich.
Formerly Mr. Goodrich lived in a
small apartment at No. 1216 South
Los Angeles street. He is reported
to have gone to Culver City.

RAISE SALARIES.
Eight Employees of the Customs
Service Given More Pay by Abolish-
ing One Job.

The Collector of Customs has an-
nounced the following changes in the
salaries paid employees, taking effect
tomorrow:

C. C. Macomber, deputy collector
in charge of Customs, \$1200 to
\$1300; W. F. Mahar, deputy
collector here, increase from \$1400 to
\$1500; G. S. Quata, deputy collector
in charge of Customs, increase from
\$1095 to \$1200; J. G. Martin,
assistant at San Diego, increase from
\$750 to \$840; N. R. Ruggles, clerk
in charge of Customs, increase from
\$1275 to \$1375; E. J. Freer, increase
from \$840 to \$900. The increas-
es have been possible by the
abolishment of one position of
\$1377.50, the increase amounting to
\$900, leaving a net saving to the gov-
ernment of \$277.50.

One More.
GOOD TIME OF "TIMES"
EXPOSITION PARTY.

AFTER an interesting and deligh-
tful trip The Times special-train
excursion to the Panama-Pa-
cific International Exposition at San
Francisco, returned to Los Angeles
yesterday. One hundred and twenty-
five representative Southern California
actual composed the party, and all re-
ported the best time of their lives.

The party left Tuesday night. On the
way home a side trip was made to the
big trees at Santa Barbara.

Lovely weather greeted the visitors
at the Hay City. Upon arrival all
members of the party were met by
well-furnished and ventilated
rooms at the Inside Inn. No restric-
tions were placed upon the members
of the party and the individual ar-
ranged his or her time accordingly.
Many planning their sight-seeing trips as
they pleased. This feature of all the
times trips has received much praise,
and a departure in personally col-
lecting excursions.

On accommodations and cuisine at
the Inside Inn satisfied the most
fastidious of tastes. Every member of
the party stated that the service and
food could not have been improved.
The exposition itself is beyond the
fondest dreams of the visitors and
the consensus of opinion of the party
is that the memory of the magnificent
spectacle will never grow dim.

The palaces and courts, as well as
the buildings of the different nations
and states, were all sources of delight
and wonder.

TO NET AUTO THIEVES.

Sheriff's New Bureau Will Spread
Traps for Those Who Try to Flee
in Stolen Machines.

Active steps were taken yesterday by
Sheriff Cline to insure the speedy op-
eration of the new auto theft bureau
which is to be operated under his di-
rection. Deputies Strong and Wright
were assigned to the work and are
arranging details.

Various deputies throughout the
county are to be notified as to the
best means of co-operation with the
bureau and a system of communica-
tion arranged by which it is hoped to
make impossible the escape of many
auto thieves from the county. Own-
ers of stolen autos are requested to
furnish the bureau with a detailed
description of their machine immedi-
ately upon discovery of the theft. The
officials state they will co-operate with
similar bureaus in other counties and
with those operated by the automo-
bile clubs and associations throughout
the State.

Disenfranchised?
VETERANS WANT
CHANCE TO VOTE.

SEEK RESTORATION TO THE
SAWTELLE DISTRICT.

Change Last Spring to Van Nuys
District was Petty Politics on the
Part of One Candidate for Office,
Deceives Attorney for G.A.R.
Petitioners.

Led by Capt. William C. Gibbons,
one of the few surviving men who
hold commissions signed by Secretary
of War Stanton and President Lin-
coln, and Attorney W. C. Bowers, a
company of G.A.R. veterans from the
Soldiers' Home appeared before the
Board of Supervisors yesterday after-
noon to protest against what they
term the "disfranchisement" of the
inmates of the Home.

Last spring a petition signed by
about 200 residents of Sawtelle was
presented by S. H. Taft, of that city,
asking that the "Soldiers' Home" be
transferred from the Sawtelle school
district to the Van Nuys district. Peti-
tioners there was no opposition at the
time the Supervisors granted the re-
quest. As a result, when the next elec-
tion rolled around the veterans
discovered that their petition had been
nullified by the action of the Board.

No counter-petition could be en-
tered until the 15th of last month, for
the law sets a certain period for such
propositions. As soon as the allotted
time came the veterans, through Mr.
Bowers, their attorney, rolled up a pe-
tition signed by 90 per cent. of the
business men of Sawtelle to have the
Home restored to the Sawtelle dis-
trict. They claim that there is no Van
Nuys school district now, so their pe-
tition is for restoration to Sawtelle
from Los Angeles.

S. H. Young, the leader of the op-
position, is perhaps the oldest man
in Sawtelle. Vigorous despite his many
years, Mr. Young appeared alone to
combat the veterans' proposition.

Always courteous, but very firm,
Capt. Gibbons stated his case plainly,
stating that he and his people have
been disenfranchised, as the veterans
will not go to great distance to vote,
and probably could not if they would.

Attorney Bowers was more virulent
and placed the entire blame for the
mix-up on petty politics, played by
Mr. Young.

Mr. Young ran against A. J. Stoner
for the school board of trustees in
Sawtelle. Mr. Bowers declared "He
was afraid of the veterans' vote and
passed his petition when no one was
looking and in spite of this disen-
franchisement he was beaten by 112
votes. Why should these old veter-
ans be compelled to travel twenty-two
miles to vote because of one man's
ambition?"

The Supervisors will pass upon the
petition next week. County Superin-
tendent of Schools Keppel has already
heard the controversy and recom-
mended that the Soldiers' Home be
returned to the Sawtelle district.

LOCAL IOWA ELECTION.
The Iowa Association of Southern
California held its annual meeting
and election yesterday at dinner in
Coulter's Cafe. All the directors who
were re-elected served for three
years. These are C. C. Caves of
Pomona; J. G. Spellman, of Long
Beach; Col. A. B. Shaw, of Sierra
Madre; Judge Willis and Edward W.
Hopkins of this city. The holdover
directors are Judge Wilbur, Judge
Taft, Col. John J. Stenman, Hon. J.
A. Rominger, Col. H. M. Bigelow,
Frank H. Nichols, Col. E. S. Ormsby,
Hon. A. L. Hamilton and C. H. Par-
sons. The directors then organized
by electing the following officers:
President, Judge Taft; first vice-presi-
dent, Judge Wilbur; second vice-presi-
dent, Hon. A. L. Hamilton of Pana-
dena; treasurer, Frank H. Nichols,
Los Angeles; secretary, C. H. Parsons.
A letter was read by the secretary
from Hon. Lafayette Young of Iowa,
extending thanks for the courtesies
extended to him here and ex-
pressing his appreciation of Southern
California. Plans were made for the
annual Admission Day dinner held
December 28 each year by the Iowa
people to celebrate the date Iowa
came into the Union.

CHINESE FLEE

SUICIDE HOUSE.

HANGING IN HOTED ROUTS THE
ORIENTAL LODGERS.

Within an hour after tragedy,
which is beyond the pale of for-
giveness by the Yellow Men, They
Move Their Belongings, Never to
Re-enter.

The hotel at No. 418 North Main
street will never be occupied by
Chinese again. One of their race, Jew
Ming, took his life yesterday by hang-
ing himself to a steam pipe, a dead
beyond the pale of Chinese com-
prehension or forgiveness, leaving a curse
upon the premises forever. So yester-
day afternoon, when news of the
tragedy was spread, all the Chinese
roomers moved their belongings as
quickly as they could, never to re-
turn; for the curse, they believe, will
never lift.

Twice before have Chinamen taken
their lives here. Once in Chinatown,
and the house where the deed was
committed, was abandoned, and it sits
there yet, dilapidated, forsaken, rot-
ten, with sagging shutters, and broken
windows that leer out like the eyes of
tragedy.

Again another Chinaman, jumped off
the steamboat, Robert Dollar, carry-
ing a Chinese crew. One of the China-
man had seen the missing man de-
liberately jump out into the tide, and
sank beneath the propeller. A hurried
rush to the side gave a majority of
the crew a sight of their workmate,
whom they thought had gone mad,
that he should take his life. And be-
fore they could sleep again in the
bunkroom, two members of the crew
had to burn and obliterate the bunk
of the dead man.

Jew Ming came here from Oxnard.
He belonged to no Tong, although he
had influential relatives in Chinatown.
Several days ago he reserved the room
in the hotel. He was 48 years old.

Yesterday he failed to answer the
knock at his locked door. The prop-
rietor notified the police, and to
avoid knocking in the door, Patrol-
man Walter Krug made a perilous ex-
cursion around a four-inch ledge, four
stories above ground, to raise a window.
He found the victim suspended by a
rope.

As the Chinese cannot burn the
room up and preserve the hotel, they
have decided to abandon it, so the
left yesterday, the last going within
an hour after the suicide was dis-
covered. For the laws of Confucius
do not permit suicide, and the Chinese
believe the place forever cursed.

Novel Attraction for a College Affair.

Miss Lois Dolley and William the Great.

Miss Dolley appeared with the horse in a skit at the Halloween party given
a few nights ago by students of the University of Southern California, in
the college gymnasium. Yanderville sketches, side shows, candy booths,
a one-act play called "Choke the Ghost," and other similar features
amused the collegians. Everyone was in costume, and prizes were given
for the best disguises in each of a number of classes.

MAYOR EATS ABALONES.

So do Over a Dozen Others—Sea
Food Dragged Down From Santa
Cruz.

An abalone dinner—the abalones
having been captured in the vicinity of
Santa Cruz by emissaries of Fire Chief
Eley—was served last night at Har-
low's Cafe to sixteen guests of ex-
cursion around a four-inch ledge, four
stories above ground, to raise a window.
He found the victim suspended by a
rope.

As the Chinese cannot burn the
room up and preserve the hotel, they
have decided to abandon it, so the
left yesterday, the last going within
an hour after the suicide was dis-
covered. For the laws of Confucius
do not permit suicide, and the Chinese
believe the place forever cursed.

they were towed through the ocean
from Santa Cruz to the harbor, and
yesterday afternoon they were rushed
up in a fast automobile by the Fire
Chief.

Those at the dual dinner were
Mayor Sebastian, Fire Chief Eley, As-
sistant Fire Chief O'Donnell, Police
Chief Snively, Ed Maier, Orvie Over-
all, Joseph Goldsart, Otto H. Schons,
Sheriff Cline, C. Fred Harlow, W. S.
Baird, Police Commissioner Owen,
Police Judge White, K. K. Parrot,
Vincent Morgan, Col. Henry Laub and
ex-Mayor Owen McAlister.

For Constipation.
When you want a pleasant laxative
try Chamberlain's Tablets. They are

A Thanksgiving Sale of Linens at Coulter's
For Over 30 Years the Home of Fine Linens

Such values as the following, even from a store less reliable than Coulter's, could not fail to arouse interest among women
who want linens. Remember that we carry the largest stock of linens west of Chicago, that many lines are exclusive with us;
and see our beautiful window display, which shows our very choicest and best linens.

Beautiful Hand-Embroidered Madeira Napkins, Doz. \$5.85

Every woman knows this lovely work of the inhabitants of the Madeiras; every woman wants at least one
set of Madeira linens—here are 100 dozen, in over twenty-five new designs; many with the rose scalloped edge,
to sell at only \$5.85 dozen.

Table Linen Sets \$3.75 Handsome Lunch Cloths 95c

The price is so low that it seems incredible—these
are, however, pure linen pattern table cloths, 68x68
inches, with six napkins to match; in new round de-
signs; set complete, only \$3.75.

Bleached Irish Damask, Yd. \$1

Under present market conditions such damask would be
considered excellent value at \$1.50 a yard; it is an extra
fine bleached Irish damask; 70 inches wide, in poppy, rose,
stripe, spot, lily and fern designs; a wonderfully fine qual-
ity for \$1.00 a yard.

Hemstitch'd Cloths \$2.95

Seventy-five of these handsome
pure linen hemstitched table cloths
which have been selling rapidly
enough at \$4.00 each; shown in rich
rose, daisy and stripe and other pat-
terns; in the Thanksgiving Sale at
\$2.95.

Good Bedspreads

Japanese Spreads—made of
heavy white cotton, printed in
blue—peach blossom, swallows
and other Japanese designs;
size 72x100, for 3/4 size, and 90x
100 for full size beds; long
enough so that they may be used
for bolsters over the pillows—
72x90, each, \$3.75.
90x100, each, \$4.45.

Handsome 24-in. Napkins, Dozen \$3.85

A hundred and twenty-five dozen of these fine 24-inch napkins; from one of Ire-
land's best looms; pure, snow-white and extra fine linen. Several years ago their
regular price was \$5.00 a dozen (now it would be much more) but as we have no
cloths to match, they are much reduced. Shown in tulip, stripes, poppy, pansy,
rose, spot, scroll, clover and a dozen other good designs, dozen, \$3.85.

Huck Towels 25c Hotel Towels, Dozen 70c

—19x36-inch hemstitched hucka-
back towels, in beautiful damask
border designs; these will wash up
well and be very absorbent.

—a hundred dozen all white, 17x34-inch
towels; you have paid much more for this
identical quality, when you paid regular
prices; they will go quickly at this figure.

One Important Thing!

The water bottle is an im-
portant thing. One of the
most important duties in
your life is to supply your
system with good pure
water—and plenty of it.

You must have water. Upon its purity depends your health
—and even life.

Are you exercising exacting care as to the kind of water that
goes into your water bottle?

BARTLETT WATER—bottled as it bubbles from the Bart-
lett Spring in Lake County, California—is absolutely pure
and wholesome—with a flavor as delicious as you can wish
for.

It also contains rare mineral properties that have a mild,
cleansing action on all the organs. It is not a cathartic and
can be used constantly.

To fill your water bottle with **BARTLETT WATER** means
added health and vigor for you and your family.

A full box containing fifty bottles costs but \$5.00; a dozen, \$2.25; and
a single bottle, 20c.
An allowance of \$1.50 is made for the return of full case, with bot-
tles and wrappers.

Phone your order NOW—we deliver almost everywhere.

Catarrh a Blood Disease
S. S. S. Drives It From Your System

Because Catarrh affects the nose
and throat, causing sores in the nos-
trils, stoppage of air-passages and
gathering in the throat, it has been
common practice to treat Catarrh by
lotions, washes and sprays applied to
these parts. This mode of treatment
is entirely wrong. It cannot give per-
manent relief, and it is liable to irri-
tate and aggravate the trouble. Ca-
tarrh cannot be trifled with. If al-
lowed to run on it will disease the
bronchial tubes, settle on the lungs,
the stomach—indeed it is a very se-
rious disease. Don't treat it locally.
The fact that it causes headaches is
proof that it is caused by impure and
disordered blood. The one treatment
that has proved effective in the treat-

ment of Catarrh is S. S. S. It is the
greatest blood purifier and blood
tonic known. It relieves the cause of
Catarrh by the process of renewing
the blood, renewing its strength
and vigor, giving new life to the red
blood corpuscles, and stimulating the
flow so that it has the vitality to lar-
off the poison and germs from the sys-
tem. It is literally a blood bath. You
quickly feel results. Headaches disap-
pear, the gathering in the throat
stops, the nostrils heal. You can
hardly realize it, you are well. S. S. S.
is a natural blood tonic and has
proven effective in the treatment of all
blood affections, eczema, tetter, rash,
scalds, etc. Get S. S. S. at your drug-
gist's. If you need special advice write
the S. S. S. Co., Atlanta, Ga.

"Shamrock" Linens
Only at Coulter's

For years we have held the ex-
clusive selling agency for these finest
in-the-world Irish linens; they are
made in the good old-fashioned way,
many on hand looms, and cannot be

STOCKHOLDERS' ORGANIZATIONS GIVE ENDORSEMENT.

Women's Club and Consolidated Association Urge All Debtors to Sign Release Cards to Bring About a Speedy Settlement of the Insured Affairs.

At a meeting of various stockholder organizations of the Los Angeles Investment Company Saturday, the following resolutions were passed:

Whereas, President Flint stated to the stockholders of the Los Angeles Investment Company on October 21, in a meeting assembled, that he would make a satisfactory settlement with all stockholders, and

Whereas, President Flint stated that all "release cards" would be returned to the signers thereof, unless the required number signed endorsing this statement, now

Therefore, be it resolved, That the Los Angeles Investment Stockholders' Women's Club, and the Los Angeles Investment Stockholders' Consolidated Association hereby endorse the proposed settlement of the debt stockholders' controversy as outlined by President Flint, and request all of the stockholders, and all stockholders in general, to immediately sign the release cards and forward to the Los Angeles Investment Company offices. And that all stockholders co-operate in this movement to bring about a speedy settlement of this debt stockholder question.

This resolution was signed by Mrs. William J. Vollbrecht, vice-president of the Los Angeles Investment Stockholders' Women's Club; Frank M. Warner, secretary of the Los Angeles Investment Stockholders' Consolidated Association; and John Roller, secretary of the Los Angeles Investment Stockholders' Consolidated Association.

A meeting of all the stockholders will be held at the Woman's club room at Room No. 307 Merchants' Trust Building, 2:30 o'clock this afternoon.

Sentimental.

ATTORNEY POET FALLS IN TRAP.

NEARLY SPILLS BEANS IN THE WOLF CASE.

Important Private Letters to Mr. H. M. Barnes, who is by the telephone, Thinking Her Answer, and She Turns Them Over to the Federal Officials.

The story of how the poetical attorney, E. M. Barnes, spilled the beans in the Liparoid-Woolf Chinese smuggling conspiracy case, came out before Federal Judge Farrington yesterday.

The situation arose during the cross-examination of J. Sherman Woolf, the attorney, United States District Attorney Gallagher, who sought to produce photographic copies of certain letters, alleged to have been sent to Woolf by Mr. Barnes, while Barnes was acting his attorney last summer.

The letters were said to indicate that there were some "higher-ups" in the smuggling game in San Francisco, who would see to it that he got a "substantial fee."

That objection was made to the production of the letters by the defense on the ground they were privileged communications between an attorney and his client. After a long argument, Judge Farrington held that the letters were not admissible. It was a great victory for Woolf.

But the course of the argument was shown that Mr. Gallagher had obtained Mr. Barnes' file, and the check for the money was shown to the court.

To prove that Mr. Barnes was the attorney for Woolf at the time the letters were sent, he was put on the stand. He swore he was employed by Woolf from June until September last, and that the letters were received by him while he held that relation.

The production of the photographic copies of the letters was a great surprise to the defense, and unfolded a story of how they were obtained.

Several months ago a stenographer in a downtown store informed the States District Attorney that he could get some good evidence in the case. She alleged Mr. Barnes had secured her so much with his attention and alleged poetry that she had been won over. Arrangements were made with Immigration Inspector

It appears Mr. Barnes thought that the woman who only talked with him through the telephone was Miss Fane, whose name had been linked with his in the public press, and whose parents opposed his attentions.

A telephone conversation between Mr. Barnes and the stenographer, it is alleged, was listened to by Inspector Fane, and the arrangement made that the stenographer send her the letters. His father, it is said, was to show her the letters and his business.

The letters arrived by mail, were photographed and returned by Inspector Miller by mail to Mr. Barnes. He believed he was receiving them from his alleged fiancée.

Woolf was on the stand, and with the aid of the cross-examination and indirect evidence was offered by the government. The case will be closed today.

SUES ON PATENT.

The Diamond Patent Company brought an action in the United States District Court yesterday against Solari, Cohen, Mitchell, a corporation, The Chocolate Shop, a corporation, The Roadway Company, a corporation, The Sun Drug Company, a corporation, Hans, Burroughs & Co., a corporation, Albert Cohn, William Cohn, a corporation, et al., and Peter Cohn, charging them with infringement of a patent granted to Fred Weber, for an improved shoe case.

The complainant company is successful in the case of Weber. An injunction and accounting is sought by the company.

Opportunity knocks, and it is in vain, for those who carelessly, day after day, read and neglect the advantage of the countless bargains advertised in the "Business Chances" column in the Times "Liner"

Entertain For Worthy Cause.

Affair to Aid Jewish Relief Work.

Afternoon and Evening Events will Occur First Sunday in November at Shrine Auditorium—Many Actor Folks Contribute Their Services, Business Men Give Support.

One of the most interesting events in the annals of the Jewish Consumptive Relief Association is being planned for next Sunday at Shrine Auditorium. Enthusiastic workers met yesterday and completed final arrangements for the entertainment.

Committees appointed to canvass the field reported they had secured the hearty support of many of the business men of the city and have been promised supplies and financial support which will make the affair a success.

The programme, as announced yesterday by R. Cohen, chairman of the Executive Committee, will start early in the afternoon with a brief address by Mayor Sebastian, who is taking

much interest in the preparations. Following the Mayor's address a lively vaudeville entertainment will be staged, in which several of the Universal Film Company stars, stage folk from Pastimes and the Orpheum and actors from the Keystone studios will participate.

From 6 to 8 o'clock in the evening a table d'hôte dinner will be served. The festivities will be brought to a conclusion by a reception and ball Sunday night. The proceeds will be turned in to the relief fund of the organization.

Among the vaudeville and concert performers who have donated their services are Max Asher of the Universal Film Company; Marjorie Lake, formerly of the Orpheum circuit and now with the Universal; the Three Ruby sisters, Richard Quille, Billy Rhodes, the Universal City Trio, F. Scheraga, several members of the Keystone company, including Roscoe Arbuckle, and many others.

Chairmen of committees are: R. Cohen, Executive; D. Rosenbloom, Floor; Mrs. M. Tobinson and Mrs. H. Silverberg, Refreshments; S. Abramson, Reception; M. Sieroty, Finance; Miss Louise Roth and Miss Clara Fine, Flowers and Decorations.

FERD. T. HOPKINS & SON, Props. 21 Great Jones St., New York City

remarks passed between counsel that fortunately were not overheard by the court, Judge Willis declared that so far as the grand jury is concerned the Schmidt case is closed and has been closed since the issuance of the indictment.

He stated that an affidavit that the District Attorney or any one else has been intimidating or improperly influencing witnesses would be the proper move, and that he would give no further hearing to the matter until such affidavit was presented by the defense.

SEVEN JURORS SECURED.

Seven permanent jurors have now been secured for the trial of Schmidt. Three permanent ones were secured yesterday. The permanent jurors now in the box are: Edwin H. Miller, apartment and restaurant man, Resende Beach; Sanford Woodbury, No. 389 South Los Robles avenue, Pasadena; C. D. Daniels, fruit grower, Lancaster; W. W. Imbler, street railway man, No. 921 East Twentieth street; George L. Loudon, formerly a carpenter, No. 346 Arapahoe street; J. H. Hunter, carpenter, 1211 West Adams street; E. W. Lawrence, a lemon grower, Puente.

When the court session opened yesterday morning there were four permanent jurors and seven temporary jurors in the box. The first juror to be examined was T. P. Newton, No. 321 West Adams street, president of the United Casing Company. He stated that his concern had had trouble with the unions, and that he had lasted several months, and that he was a member of the Founders' Association and his firm a member of the Merchants' and Manufacturers' Association. His state of mind was such that he was excused.

In the examination of this juror by the new chief counsel, Mr. Coghlan, to read to the juror the list of 200 names; he was before the grand jury that brought in the indictment of Schmidt, to determine whether the juror knew any of them. This was not permitted by the court, and the defense undertook in various ways to bring about the same thing, but was finally confined to asking in regard to only those who were in the same line of business as the juror.

E. W. Lawrence of Puente, a lemon grower, was next called into the box. He stated that he is in favor of labor unions but does not always agree with their methods. He was challenged by the defense but the challenge was denied.

PEREMPTORY CHALLENGES.

This completed the list of twelve jurors in the box, and then followed the exercise of peremptory challenges. The State made but one challenge, that of J. J. Hooey, who was excused. The defense challenged W. R. Powell, R. J. Arad, Fred Monte and J. Killiam, all of whom were excused. This leaves each side with five more peremptory challenges.

George L. Loudon of No. 346 Arapahoe street, a former carpenter, J. B. Hunter, a carpenter of Whittier, and E. W. Lawrence, a lemon grower of Puente, were then sworn as permanent jurors, thus placing seven permanent jurors in the box.

J. J. Peveler was then called, and Clerk Blakeley announced that this exhausted the list of jurors brought in from Department Fifteen. Upon order of the court twenty-one jurors from Department Eighteen were brought in, and this at once raised the old question as to the formation of the jury under the old law, but it was stipulated that the objection raised by the defense should appear.

The defense then objected because the entire list of jurors for Department Eighteen, instead of only the twenty-one, had not been brought in to testify as to the manner in which these twenty-one men were secured, and Judge Willis stated that they had been brought in not in service in Department Eighteen should appear.

The defense counsel intimated that it was possible for the District Attorney to have only such jurors brought in as suited his purpose, and insisted that either Judge Craig of Department Eighteen or the court clerk there be summoned to testify as to whether the remainder of the jurors in that department were engaged in court cases.

Clerk Kinney of Department Eighteen appeared and testified that all jurors except those excused for illness and those actually engaged in trying cases had been sent into Judge Willis's court.

The jury box was then filled by the calling in of Joseph E. Moore, J. W. Calvert, Newton Hogan and Frank D. Pease.

J. J. Peveler of Santa Monica, formerly a bridge builder for railroads and later a contractor, was then called, was examined and passed for cause. Joseph E. Moore of Bell was next

examined, and was passed. He is a teamster and has resided in Los Angeles county for twenty-one years.

J. W. Calvert of Azusa, who declared he had read The Times every day for thirty years, was examined and challenged because of the admitted opinions he entertained regarding the case. He was excused.

"INVESTIGATING JURORS."

The last juror to be examined was Newton Hogan of No. 311 West Thirty-fifth street. He gave some interesting testimony regarding the approaching of jurors in the Schmidt case.

Mr. Hogan said that three men came in an automobile to his place; one of them went to his home and asked his wife where he could be found, but he was out of sight and she could not show them. Another one came to him where he was working on a lawn. This man gave him the name as Cavanaugh, said Mr. Hogan.

"He told me that they were interviewing jurors in the Schmidt case," said the juror, "and asked if I knew Newton Hogan. I said I did."

"This man said they wanted to find out Hogan's religion and politics, and I told them the best way was to go and ask him. I was on the point of telling him that I was a juror when he went away."

"I telephoned to the Sheriff's office and told them just what had happened. I tried to get Judge Craig, but it was a holiday and I could not reach him. I thought that the officers ought to know that jurors were being interviewed."

"Within a short time Detectives McLaren and Brennan came out to my place. They told them that I was a juror. When they learned that I was a juror they had no further conversation with me."

Cavanaugh, who was in the courtroom, was requested by counsel for the defense to stand before Juror Hogan, so that he might determine if this was the same man who had talked to him. Mr. Hogan said he was

the same man who had visited him. He also identified Detectives McLaren and Brennan as his later visitors.

Mr. Hogan has been in the contracting business but is now retired. He was still under examination when court adjourned until 10 o'clock tomorrow morning, because of today being a legal holiday.

LIFE INSURANCE LEADERS ARRIVE.

CONVENTION OF METROPOLITAN COMPANY AT SAN DIEGO TOMORROW.

Nine officials of the Metropolitan Life Insurance Company arrived yesterday afternoon from Salt Lake City on the way to San Diego to attend the triennial convention of representatives of the home office and the field men. About 150 delegates will be present.

The party is composed of the following: Haley Flake, first vice-president; F. O. Ayres, fourth vice-president; Dr. A. B. Knight, medical director; W. J. Tully, general solicitor; Walter Stables, comptroller; James Kavanaugh, superintendent of agencies in the great northern territory; George B. Scott, assistant secretary and Pacific Coast manager; E. G. Galt, superintendent of Pacific Coast agencies, and Dr. D. M. Geddes, assistant medical director.

The officials are at the Alexandria. They will leave 7:30 o'clock this morning for the southern city. They will return to Los Angeles tomorrow night.

The insurance company has loans in Los Angeles aggregating \$5,000,000. The company bought \$500,000 worth of aqueduct bonds and the same amount of harbor bonds. The officials are expected to look over the financial and loan situation here.

Wonderfully Pretty Things In New Millinery at \$5

Plenty of the new and very fashionable hats—small tricornes, smart turbans, close-fitting hats and larger dress models.

There are hats of velvet; there are lovely affairs for afternoon, matinee and restaurant use; and styles suitable for wear upon the street—new tailored hats, smart and simple.

They come in colors to match the new suits—rich purple shades, browns, black, taupe and blues; they are trimmed in every conceivable good fashion, with jaunty wings, fancies of feathers, handsome beaded ornaments, rich ribbons and the always-popular ostrich—and there isn't a hat among them that would not be sterling value at \$7.50 to \$10; yet we offer you choice of any at \$5.00 (Millinery; Main Floor)

See our large linen advertisement today, on Page 3, Part II

Plain and Novelty Silks \$1 Just Note These Values 1

If you will do us the honor to compare other silks with these, you will soonest know what genuine, sterling values we are offering women today, at a dollar a yard!

35-inch Satin Messalines 35-inch Novelty Chiffon Taffeta

26-inch Plaid Silks 40-inch Crepe de Chine

Some of the above in black or white; all in good colors, either light or dark.

28-inch Velvet Cords; for suits and costumes; in every new shade, also white, ivory and black, \$1.00 a yard.

(Silks; Broadway Annex)

Dress Goods \$1

Not a line of poor sellers, or old weaves, but bright, fresh, perfect woollens from new arrivals, in good shades and weaves; some in black, others in new fall colorings—

42-inch Wool Epingle 40-inch Wool Crepe 47-inch Wool Poplinette 48-inch Wool Serge 46-inch Wool Panama 42-inch Wool Henrietta 48-inch Storm Serge (Wool Goods; Broadway Annex)

For Women of Full Figure

Fine suits made along lines that give the wearer grace and dignity, and take away from the apparent size of the figure—not old-fashioned styles, at all, but on the contrary, the newest ideas.

Suits of serge, poplin, gabardine or broadcloth, green, brown and medium grays, priced from \$25 to \$52.50—a range which permits easy selection for any purpose. (Suits; Second Floor)

Children's Sweaters \$2.50

With Caps to Match

Warm, cunning little garments for youngsters of three to six years—sweaters and caps to match, in fancy weaves; corn, blue or green, with trimmings in contrasting color.

White Sweaters at \$2.50

White, with rose, green or tan trimming—very handsome, indeed.

White-Trimmed Sweaters at \$3.50

Solid colors, with cuffs, front and collar of white; sizes here to twelve years, at \$3.50. (Children's Wear; Second Floor)

Many Attractive Specials in Corsets

If all women's figures were alike, corset-buying and selling, and corset stock-keeping, would be a simple matter. But sizes just will not sell out evenly, and the only method we can follow in keeping stocks free from odds and ends is to make prices like these—

Howd Lace Front B. & J. Tricot W. B. Reduso

\$10 models \$5.00 Special; regularly \$3.50 For stout women; regularly \$6 models \$3.50 now \$2.50 \$3.50 \$2.25

Rengo Belt Special A. P. Brassieres Net Bust Supports

Boned with double watch \$1.50 grade at \$1.00 At 50c; and a special number at 25c

Shir-Ruffles—regularly \$1.50, for \$1.00 (Corsets; Second Floor)

MOVEMENTS IN SOCIETY.

MRS. JOSEPH K. CLARK arrived here yesterday from an ideal outing, spent mostly at two beautiful country places in Montana—the summer mountain lodge, Melvina, of Mr. and Mrs. W. A. Clark, Jr., at Salmon Lake, in the Big Blackfoot region, and with Mrs. Marcus Daly at Riverside, a vast estate in the Bitterroot, near Hamilton. This charming society woman also stopped at the Patee Clark home in Spokane and for three weeks at the Jewel City.

Accompanying her to Los Angeles was Mrs. A. Rockey, a very delightful society woman of Portland, and wife of a prominent surgeon in the Puget Sound city, the ladies motoring down from San Francisco. Mrs. Rockey will share her visit as house guest of both Mrs. Clark and Mrs. William Mead and will undoubtedly occasion innumerable functions.

Then, too, Miss Katherine Culver of New York, daughter of Mrs. Charles Potter Kling, is coming on shortly with her grandfather, ex-Senator William A. Clark, to visit with the various Clark kin. They are at present in Butte and will likely arrive next week.

Miss Culver is not yet a debutante though she will perhaps be presented to New York and Newport society the coming winter. She is just a school girl—very attractive, avowed type of brunette with the sweetest manner imaginable, quite enough to win her favor without aid of that magnificent Clark mansion on Fifth avenue, with its enviable art gallery and music-room, etc. She might have been officially "out" before had not the family spent so much time abroad, but when she does make her debut it will undoubtedly be in the palatial mansion of her grand father, to whom she is devoted.

Night of Delight.
Joy attended to the keenest of Halloween delights spread wide their wings last Saturday evening at the beautiful home of Mrs. Charles Kling in Arapahoe street. For a party of fourteen the gracious hostess and her son, Basil, provided a programme complete with the charming and original entertainment features which add rare charm to the pleasantly anticipated affair on her social calendar.

The guests included Mrs. K. H. H. and Mr. and Mrs. James McFadden, Mr. and Mrs. Clarence Roach, the Misses Margaret Harvey, Phoebe Harvey, Edith Sinclair and Myrtle Holston, and Messrs. Hugh Barton of Manchester, Eng.; Harold Williams, Otto Zimmerman, Frank McFadden and Harry McFadden.

Natal Day Dinner Complement.
The handsome Hollywood home of Mr. and Mrs. Emil Bilharz, Sunset and Fairfax boulevards, was the scene of a pretty dinner of twelve covers the evening of Wednesday, antly centered with pink Killarney plashed in honor of Mr. Bilharz's rose buds contained in a gold basket.

SALT LAKE CLUB DECLARES A NEAT DIVIDEND.

A Big Year.
BEEES PAY OUT BIG DIVIDEND.
Ten Per Cent. Goes to Stockholders.

After Paying Debts and All Expenses.
In Addition to a Neat Sum in the Bank.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
SALT LAKE, Nov. 1.—On November 2, 1914, Salt Lake City made its first bid for admission to the Pacific Coast League and promised in return that it would make good for all concerned. Today, one year later, the Salt Lake baseball club announced that it could spare enough of its first season's earnings so as to make its shareholders a present of a 10 per cent. dividend.

FAIR ENOUGH.
The club directors held a meeting this afternoon, laid away enough money on which to start a new season and then voted to distribute the balance among the shareholders. That the local club had a good year financially, is no secret, but, in view of the heavy expenditure at the very start of the season, none of the stockholders expected such a thing as a dividend. Coming as it does, therefore, today's little surprise leaves a good taste.

BIG OUTLAY.
Right at the start, last spring, Salt Lake paid the league \$15,000 for the Sacramento-Mission franchise. Then it dug down about \$10,000 for players, training expenses, league dues, etc., on top of that came the unexpected layout of considerable money for Maudie Park when it was found at the eleventh hour that the company which had been organized to build the park could not raise the necessary money to complete the job. Salt Lake, therefore, owns its franchise, its players and a controlling interest in its baseball plant, all paid for, and even then has a good little balance in the bank with which to start its next season.

THE STOCK.
The club directors issued stock for approximately \$25,000 of the \$55,000, which had been subscribed for. All these subscribers who failed to pay for their stock subscriptions when the time came were left out in the cold, as the directors saw, before the season was a month old, that the receipts would provide more than enough of the money needed, and so it did.

GONE HOME.
Most of the Bees have started on their way home for the winter. Harry Hannah, Reddy Ryan and Paul Fitterly will remain here. Reuther, Lynn, Gedeon, Killip, Gilligan, Rhine, Hallinan and one or two others have agreed to join Bill Orr's barnstormers on the coast.

CHESS GAMES FOR A LARGE WAGER.
CHAMPION MARSHALL WILL PLAY WITH FORMER CHAMP.

(BY A. P. NIGHT WIRE.)
LEXINGTON (Ky.) Nov. 1.—Frank J. Marshall of New York, chess champion of the United States, and J. W. Showalter of Georgetown, Ky., former champion, have agreed to play a series of games for a side wager of \$2000. It was announced here today that according to the agreement, games will be played in New York, Chicago and Lexington.

NORTHERN TRIP FOR CLIFF MEN.
TO PLAY CALIFORNIA PROS AT BERKELEY NEXT WEEK.

The next game of the Los Angeles High School football team will be with the California freshmen at Berkeley, Saturday, November 13. Eighteen men will go north including the coach and manager. Several students intend to work their way up on the freight cars.

BARNEY KIDS HENRY FORD.
Henry T. Ford, head of the great Ford automobile organization, paid a visit to Barney Oldfield's joy-water emporium last night for the purpose of greeting his old friend Barney, who started his motor racing career on the old Ford racer, 898.

It was a great surprise to Oldfield to have Ford call upon him and he admitted as much to the great manufacturer. Ford told him that he would go any place to see a friend and that he knew of no one that he would rather see than the veteran driver.

"You know, Barney," said Ford, "we started each other on the road to fame." "Yes," said Oldfield, "but I did a damn sight better job than you did."

FEDERALS MAKE TERRIFIC RAID ON COAST LEAGUERS.

Jimmy Johnston Said to be Already Signed to Play with Newark Feds; Joe Gedeon also Supposed to be Signed up and Middleton and Prough of Oaks on the Verge of Jump—Stove League Starts Early.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
NEW YORK, Nov. 1.—Frank Hinkey has not been deposed as head coach of the Yale football eleven, but Frank Hinkey, facing a situation that appeared untenable, offered, after a long conference with Capt. Wilson, to give up active field coaching and act simply in an advisory capacity. Alec Wilson, under the stress and strain of impending failure, drew away from Hinkey and made the statement openly on Sunday evening that Tom Shevlin would be asked to serve as head coach, but he spoke hastily, and quickly realized that such action would be too drastic, even if possible, and, going to Hinkey, found the latter so unwilling to make any sacrifice for the good of the team that the plan as outlined was definitely fixed.

JUMPED.
Last night Bud Talbot, captain last year, and now one of the resident coaches, explained the situation at New Haven in detail, and expressed confidence that with all friction eliminated there was still hope for a team at Yale that would be representative. He said among other things: "We believe in such new voices, new surroundings, for after this we will do most of our work in the Bowl instead of in old Yale field, and a new point of view, the players will find themselves."

THE NIMRODS.
Unperturbed by the current reports of poor shooting conditions many sportsmen journeyed to the lakes and clubs over the week-end and shot excellent bags, with a sprinkling of limpets. George Cline and Mr. Keller each got the quail limit at Moore Park and were back in town in time for lunch.

W. H. Cline, Jr., and Dr. L. P. Kaill, together with Mark Turgate, got a quail limit apiece in Castaic Canyon and are ready to sign affidavits to that effect. W. S. Killian and a party of three got thirty-seven ducks between them at that famous "hole in the ground," Lake Elsinore.

Huntington Beach attracted J. C. Dunning of the Broadway Store, L. J. Whithall, with Gilbert Blandel, as guest, all shot satisfactory bags at the Willow Gun Club, although there were no limits. These gentlemen say that the canvassers are now flocking to the club.

Mr. and Mrs. A. N. Damon and Mr. and Mrs. M. F. Nolte have returned from a two-week hunting trip in San Diego county. They report an abundance of quail, doves and rabbits. After touring the country from Riverside to Lakeside in Helme Pirman's Ford, James Holbit, Frank Orth and Helme himself saved a few quail to show. Holbit bagged fourteen birds, Orth six and Pirman 6.

Mr. and Mrs. Charles Keppen, Mr. and Mrs. Fred Edmondson, Dr. and Mrs. Powers, Dr. Huntton and Dr. Gray all went shooting Sunday in Castaic Canyon with fair luck. There were no limits.

WIN BY A RUN.
(BY A. P. NIGHT WIRE.)
COLORADO SPRINGS (Colo.) Nov. 1.—All Americans, 1; All Nationals, 8.

STATE RIFLEMEN HERE FOR SHOOTING CONTEST.
SHOOTING stars from all organizations of California State troops stationed south of Bakersfield arrived at Eagle Rock rifle range yesterday and went into camp for a week of the most strenuous competition with rifle and pistol that has ever been staged in the Southland.

Every company of the Seventh Regiment sent a team, the yellow stripes of cavalrymen showed prominently, the red of the coast artillery and blue of naval militia being also in evidence. A model military camp was pitched under the spreading live oaks of School Canyon, well along in the afternoon, and Maj. Charles H. Howland, executive officer, found himself in command of 125 of the most expert riflemen of the West.

Firing begins this morning at 7 o'clock on the Governor's match for the individual rifle championship of the State, the contest being open to all officers and men authorized to participate in the rifle competitions, their qualifications having been previously determined in the respective commands.

The adjutant-general's match at rapid fire is to be shot tomorrow.

Oregon Eleven Leaves for Los Angeles Tomorrow.

TWO OREGON MEN INJURED.

Spellman and Monteith Get Bad Knees.

Final Scrimmage to be Held Today.

Squad will Start South on Wednesday.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) UNIVERSITY OF OREGON, Eugene (Or.) Nov. 1.—It was somewhat of a stiffened squad which reported to Coach Hugo Besdek on the Lemon-yellow gridiron today, yet there was no letup in the work on preparation for the game with the University of Southern California at Los Angeles this coming Saturday.

TWO HURT.
The Willamette contest has its toll in a list of two injured—Spellman and Monteith are hobbling with water on the knee.

Tomorrow the Oregon mentor plans to send his men through a final scrimmage prior to the southward trip, and it is this work which will determine the personnel of the corps which is to travel. Wednesday evening Oregon leaves.

WORRIED.
The Aggie's great victory at East Lansing caused a panic in athletic circles here and at the same time has given birth to a new following towards Dr. Stewart's men from the agricultural colleges. Following their defeat at the hands of the Washington State, the attitude of the Oregon squad smacked little of fear concerning the State championship scrap November 20.

It was figured that an apparently even break would constitute the worth of the two elevens on that day—now all that has changed and there isn't an Oregon man who will volunteer a safe prediction.

CONFIDENT.
Hitherto Oregon generally entered the Aggie fracas in firm confidence in the ability of the lemon-yellow "fin" over the Aggies to pull them out of the tight places and records show in many instances that it was just this "psychic something" which has given Oregon an even break and a win on many occasions.

Saturday's battle with the California eleven is said to be a little amount of interest. If Oregon brings home a victory the crowd, which will attend the Aggie game is estimated well above 10,000 and already Eugene people are making ready to entertain on that day.

STANFORD MEN IN GOOD SHAPE.

GAME WITH SANTA CLARA TEAM ONLY TWO WEEKS OFF.

Hal Soper has improved style of play—Fettingill has recovered from Broken Foot—Backfield Men are Being Sifted Out—Long, a Freshman, is at Second Five.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) PALO ALTO, Nov. 1.—With Stanford's big game with Santa Clara only two weeks off, the line-up of the varsity 15 as it now stands, appears to be about settled. For the past month as is usual during the middle of the season there has been a constant sick list of veterans.

INJURIES.
At no time within this time have all the best boys lined up together, but now by skillful nursing and coaching, Coach Floyd Brown and Trainer Doc Reynolds can boast of all the first string material in good condition or "coming up."

Hal Soper, the only veteran hooker, is in the best of shape and has improved wonderfully in aggressiveness. His two probable co-workers, Smith and Sample, gained recognition this fall.

RAD KNEE.
Court Knight, who has been out because the cartilage in his knee was crushed, says he will be in condition in a couple of weeks. It is doubtful, but if his optimism is well-founded, he will give Sample a good run.

Henry Fettingill of Los Angeles played his first game Saturday after suffering a month with a broken foot. He is the best middle runner on the team and is a sure bet. His partner will probably be Bill Blosser of Los Angeles.

SUBSTITUTES.
"Jack" Jacobson of Pasadena and Dan Rehn are dangerous understudies for the positions. Sam Halsted of Riverside has played the look position throughout the season with little competition. At breakaway, Jim Wylie, the Australian, has no competition in clever Rugby. His partner will undoubtedly be Joe Braden.

The backfield tangle seems about straightened out. Art Erb will undoubtedly play his old position at half and his understudy will be Frank Walker. Frank is good here, but not so good one place back at first five, so will probably get into play only if Art retires during the contest.

Urban seems to have settled in the first five berth as it is just behind the pack; that his incomparable aggressiveness can be used to best advantage. Joe has been out for a couple of weeks because it looked as if he were going stale, but now his line with a bang and there is no special mention whatever as to his playing.

Charlie Long, the only "fresh" on the squad, is playing constantly at second five. Another freshman, Pelouse, who has just learned the Rugby game this fall, is commencing to give him a good fight for the place.

REAL STAR.

Danny Carroll, captain of the team and probably the wisest Rugby head on the squad, holds down center three. It is just about decided that Eric Tompkins and T. E. Swigart will play the wing positions. Tompkins is a world of speed and aggressiveness and Swigart has developed a reputation for his friends would have asserted impossible for him two months ago.

The backfield tangle seems about straightened out. Art Erb will undoubtedly play his old position at half and his understudy will be Frank Walker. Frank is good here, but not so good one place back at first five, so will probably get into play only if Art retires during the contest.

GOOD FIELDING WINS THE GAME.

DRUGGISTS SUCCUMB BEFORE VILLA DE PARIS BOLD SLUGGERS.

The Villa de Paris nine added another one to their long string of victories Sunday when they walloped the Western Wholesale Druggists, 18 to 4.

The features of the game were the excellent fielding and hitting of the winners, and the masterful twirling of McInerney of the Villa, who during the six innings that he pitched allowed but one scratch hit, while an even dozen of the opposition "saw the third strike go by."

SOCCER MEN WIN A CLOSE VICTORY.

L.A.A.C. TEAM BEATS THE WANDERERS BY ONE POINT.

The L.A.A.C. soccer team won one of the closest victories on record over the Wanderers on Manual Arts field last Sunday. The score was 1 to 0. The second game of the afternoon was a 2 to 2 tie between the Uniteds and the Sons of St. George. A large audience was on hand.

TWO GAMES FOR ATHLETIC CLUB.

BASKETBALL QUINTETTES WILL PLAY ON THURSDAY AND FRIDAY.

The L.A.A.C. basketball fives have several hard games ahead of them for the week and both will be played away from home. Thursday night the 140-pound team goes to Whittier to meet Whittier High School and on Friday the 120-pound men will play the Orange Athletic Club at Orange. Kiawans of the Athletic Club is proving very successful as a coach.

HUN COACH HAD HIS EYE PEELED LAST SATURDAY.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) CLAREMONT, Nov. 1.—Probably the most interested spectator of the Oxy-Whittier football game Saturday was none other than Coach Stanton, the director of the football destinies of Pomona College. Throughout the game he sat on the fender of his automobile, rapidly jotting down notes regarding the two opposing teams. By the time the game was over there isn't the slightest shadow of a doubt that the old fox knew almost as much about the Occidental and Whittier plays as either Coach Pipal or Coach Wilson himself knows.

Coach Stanton pays no attention to the game itself when he is watching a team in action which he will meet later on in the season. His whole attention is focused on each individual player. No sooner does an opposing back field show a new formation or a new play than Coach Stanton has it carefully jotted down in his ever-present notebook, and filed away for future reference.

It's a safe bet that there is not a better man in the State in seeing eleven separate men in action at the same time than the leader of the Huns. When it comes to analyzing plays and picking the weaknesses in them, Coach Stanton is without an equal.

Monday afternoon, after watching a big Saturday game, the coach also shows up at the field with a carefully-constructed chart of every play used by the enemy. These plays are then turned over to the coach of the scrub team, who in turn gives them to his men. The scrubs spend the better part of a week learning Occidental and Whittier plays, and then tackle the varsity.

Imitation Rogues, McClung, Finch, and Lenz plunge time and again against the varsity line, while the varsity attempts to diagnose the plays of the rival colleges. In time these formations become familiar to the first line-up men, and by the time the big games are to be played the Huns are ready to meet anything which Occidental or Whittier has to offer.

This is the typical Stanton system, the system which has brought four Southern California pennants to Pomona in six years since Coach Stanton first took control of the team. The Huns win their big games late in the season because they are prepared beforehand for whatever the rival vari-eties have to offer.

Coach Stanton paid particular attention to the game, but he paid no attention to the game itself when he is watching a team in action which he will meet later on in the season. His whole attention is focused on each individual player. No sooner does an opposing back field show a new formation or a new play than Coach Stanton has it carefully jotted down in his ever-present notebook, and filed away for future reference.

San Francisco, Nov. 1.—The All-Stars made it two all today by defeating the San Francisco, 13 to 2. The Major Leaguers fell on the offerings of Brown and Cavet with great relish, pulling out eighteen safeties—every player on the team getting at least one. The game was very erratic, finishing six bobbles, while the All-Stars batted perfectly.

There will be no game tomorrow as the Seals will arrive formally the 12th. The Pacific Coast League pennant during the San Francisco Day celebration at the Panama-Pacific Exposition.

ALL-STARS TIE THE SERIES AGAIN.

MAKE IT TWO PIECE BY BADEY DEFEATING THE SEALS.

(BY A. P. MONT WIRE.) SAN FRANCISCO, Nov. 1.—The All-Stars made it two all today by defeating the San Francisco, 13 to 2. The Major Leaguers fell on the offerings of Brown and Cavet with great relish, pulling out eighteen safeties—every player on the team getting at least one. The game was very erratic, finishing six bobbles, while the All-Stars batted perfectly.

There will be no game tomorrow as the Seals will arrive formally the 12th. The Pacific Coast League pennant during the San Francisco Day celebration at the Panama-Pacific Exposition.

OVER-CONFIDENCE IS MUCH DREADED.

CAPTAIN OF MULTNOMAH CLUB TEAM IS SEEKING TO AVOID IT.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.) PORTLAND (Or.) Nov. 1.—Over confidence is what Capt. Rupert of the Multnomah football team is working to keep his team from getting when they meet the Olympic Club team at San Francisco, November 14. "I expect we will win by a small margin," said Rupert today, "but I don't want to be caught asleep by the Olympic Club and am doing everything I can to make the other fellows see it that way."

It is expected that there will not be over sixteen players taken on the trip north, but the selections will not be made until the latter part of next week, as the team doesn't leave Portland until Thursday, November 11.

Of Course Titus Didn't Mean That Mr. Wad is a Bonehead or Anything Like That! By Gale.

LOCAL TROTTER WINS BIG RACE.

Virginia Barnett Takes a Feature.

Wins Two Out of Three at Exposition.

Major Ong and Mirthful in the Lead.

SAFETY RACE. Nov. 1.—Vir-

ginia Barnett, owned and driven by

W. G. Durfee, won today the opening

of a twelve-day harness meeting

at the Panama-Pacific Exposition

and. It was a 2:30 trot for a purse

of \$1000 and the winner who finished

second in the \$25,000 trot at the ex-

position meeting last spring, won two

of the three heats handily.

Thomas W. Murphy of Pough-

keeps, N. Y., won the second and

third races easily with Maj. Ong and

Mirthful, who won respectively the

first race, for a purse of \$2500 and

the \$1111 trot, purse, \$2500.

SAFETY RACE. Nov. 1.—The All-

Stars made it two all today by defeat-

ing the San Francisco, 12 to 3. The

Stars were very erratic, fur-

ning six bobbles, while the All-Stars

made it perfectly.

There will be no game tomorrow as

NO CHANGE IN SCHEDULE.

SEATTLE (Wash.) Nov. 1.—

Coach Doble of the University

said today that there was no

possibility of the University of

Colorado game scheduled for

Thanksgiving day here being

canceled and a game with

Washington State College sub-

stituted. Doble said that Wash-

ington had been beating Wash-

ington State College for seven

years.

SAFETY RACE. Nov. 1.—The All-

Stars made it two all today by defeat-

ing the San Francisco, 12 to 3. The

Stars were very erratic, fur-

ning six bobbles, while the All-Stars

made it perfectly.

There will be no game tomorrow as

the Pacific Coast League pennant

will be won by the San Francisco

team at the Panama-Pacific Exposition,

Nov. 1.

FOUR BOXERS COMING HERE.

Northwest to Send Heroes to Compete.

Scrappers are Best in that Section.

Will also Fight at San Francisco.

PORTLAND (Or.) Nov. 1.—Accord-

ing to latest information received

here today four men will likely

represent the Northwest at the box-

ing tournaments to be held at San

Francisco and Los Angeles this month.

Two of these will be from Seattle,

in all probability, and the other two

from Portland. The Portland boxers

undoubtedly will be Albert Meyers,

125 pounds, and Vincent Montplair,

135-pounder.

FINDING OUT.

Edgar Frank, chairman of the P.N.

A. Registration Committee, has writ-

ten to the Seattle club to find out

how many men they plan on these

meets. They have Archie Wyard, who

is said to have won the 135-pound A.

A.U. title at San Francisco this sum-

mer on the showing he made, but was

robbed of it; Henry Gleason, A.A.U.

125-pound champion, and Earl Baird,

AUTO CLUB RUN TO SAN DIEGO ALMOST ASSURED.

PLANS for the automobile tour to

San Diego on Thanksgiving day,

indicate that there will be a ceremony

on the edge of the ocean just below

San Juan Capistrano, according to

Secretary Standish L. Mitchell of the

Automobile Club of Southern Califor-

nia, under the auspices of which the

"run" is to be held.

State highway officials, county and

State officials and officers of the mu-

nicipal government of Los Angeles

and San Diego are all expected to be

present and also to take part in the

tour as well as in the ceremonies,

which will mark the completion of the

paved State road between the two

cities.

Secretary Mitchell yesterday em-

phasized the fact that all motorists in

Southern California are urged to make

a sacrifice, if necessary, to leave Los

Angeles on the morning of November

25 with the main body. The entries

are not limited to auto club members

only, but all owners of automobiles

JUNIOR COLLEGGERS TO PLAY FRESHIES.

SEVEN WILL HOOK UP ON

HILLTOP FIELD NEXT

FRIDAY.

The Los Angeles Junior College

football team will meet the Oxy

freshmen next Friday afternoon on

Hough Field. It is expected that the

game will be all Oxy, but the college

men are out to give them a quarrel

for their money.

BOXING ENTRIES

SHOULD BE MADE.

TO GET NAME IN PROGRAMME

THE FIGHTERS MUST REG.

ENTER BY SATURDAY.

All entries for the Pacific Coast

Amateur Boxing Championship, to be

held at the L.A.A.C., November 19 and

20, must be in by Saturday or the

name of the contestant will not ap-

pear in the handsome souvenir pro-

gramme to be prepared for the event

and sent to all the clubs in the United

States.

All contestants must be registered

with the A.A.U. and specify which

they intend to compete in. A gold

PREP GAMES WILL BEGIN EARLIER.

MOONLIGHT FINISHES WILL NOT

BE REPEATED IF

POSSIBLE.

It has been officially announced by

Mr. Oliver, the vice-principal of the

Los Angeles High School, that week-

day games will begin promptly at 5

o'clock hereafter. It has been the

custom at L. A. to run the full schedule

of recitations game or no game, but

this has resulted in many of the

games being finished by moonlight,

much to the disgust of both spectators

and players.

Where the Sympathies of Norway, Sweden, Denmark and Holland Lie

In view of the not impossible contingency of the northern neutral nations of Europe being drawn into the European war, an accurate indication as to which side the sympathies of these countries rest is of unusual interest just now.

To this end THE LITERARY DIGEST has asked the Editors of the Dutch and Scandinavian papers published in America to lay their views before its readers. Having in America a freedom in expression made impossible in the old lands by the delicacy of the situation, the views of these Editors may better represent the true sentiments of the northern neutral nations than the editorials permitted to be published in the home countries themselves.

In THE LITERARY DIGEST for October 30th, the result of this poll of editors is published and will be read with great interest by the American people. This feature, however, by no means represents all the good things in this number. Among other articles of importance are:

The Dardanelles Deadlock

Has This Campaign Resulted in a Failure For the Allies?

A "Swat-the-Hyphen" Movement
New Jersey Women Will Not Vote
The Scott Nearing Case
Who Thrust the "Superman" on Germany?
A Gigantic Confederate Memorial
Who Can Save Armenia?
Why Bulgaria Joins Germany
How Wire Fortifications are Arranged
The World's Tallest Dam

Planning Army-Preparedness
The Steel Trust's New Rivals
The German Conductor of the Metropolitan
Operahouse
The Selfishness of Rich Givers
A Fortentous Year for Missions
A New Transcontinental Railroad
How Men Learn to Fly
Facing a "Drug Famine"

An Unusual Collection of Helpful Maps, Striking Photographs, and Humorous Cartoons

Each week THE LITERARY DIGEST is becoming indispensable to a larger circle of American men and women. In a couple of hours' reading, the busiest people can glean from it an accurate, well-rounded perspective of the world's progress. All sides of every topic under discussion are invariably presented so that accuracy as well as comprehensiveness will always be found in the "Digest's" pages. It presents the real news as printed in the great newspapers and periodicals published throughout the world, and for this reason it may be said to clearly reflect public opinion everywhere.

The Favorite in Far-Off Alaska

"We wish to tell you that not one copy of the 'Digest' went astray in traveling to this far-off point, which is quite wonderful considering the nature of the mail schedule, especially the winter dog-team service. We are unanimous in agreeing that yours is the most valuable and welcome periodical we receive."—J. H. MAGUIRE, Department of the Interior, Wales, Alaska.

PASADENA, Nov. 2.—Ernest De...
Loringwell, noted Arctic explorer, is engaged to Miss Ann Meany, a Chicago girl, daughter of Mr. and Mrs. Joseph C. Meany, of Chicago, according to a dispatch from Washington yesterday. The wedding will be held early in the new year in Chicago. Soon after the ceremony Mr. Loringwell and his bride will come to Pasadena where they will make their home.

Mr. Loringwell has been in Washington for several months, and has been engaged in the geological department, completing a coast line of recent surveys on the north coast of Alaska and he met Miss Meany there. The little telegram came as a complete surprise to Crown City society and to Mr. Loringwell's parents as well. He is a confirmed bachelor—married to a life's work—caring little for pink and just as little for the society women.

HIS EXPLORATIONS.
In the six years which Mr. Loringwell has devoted to work as an explorer, his achievements have been many. He explored a coast line of 200 miles from Point Barrow and Herschel Island on the Arctic coast.

His first expedition was the Baldwin-Ziegler polar expedition which he joined just after qualifying as a degree of doctor of philosophy at the University of Chicago and after he had been graduated from Trinity College, Hartford, Ct.

It was while his expedition with the Baldwin-Ziegler expedition that he met Mrs. Nicholson with whom he is now married and led the Anglo-American expedition when the ice fields of northeast Asia, north of Alaska, were explored.

After camped on Flaxman Island and forced back. And here Mr. Loringwell made his headquarters for his work. Pushing out to Bear Bay to the north he made several surveys of the mountains to the south, the farthest range in the northern portion of America.

When Stefansson, discoverer of the "Roomba," Equinox, went north on his last journey of exploration, Loringwell followed him through the ice as far as his camp on Flaxman Island. It was at the end of this expedition that Stefansson disappeared. He was believed to have lost his life in being carried into the open sea on a detached ice floe. Loringwell refused to believe this.

When a student at Chicago University in 1898 young Loringwell was a member of the naval militia and as such was sent to Cuba to join the battleship Oregon at the end of a record-making trip around Cape Horn to join the battleship fleet of Santiago Bay.

SEASON'S FIRST BALL.
Gleaming pumpkins and rows of candles with flickering candles and confetti provided a Halloween evening, though two days late, for extension dancing which was a feature of the first Hotel Maryland ball of the last night. Pastured apple trees, doughnuts and pumpkin pie were the refreshments.

Through Pasadena society people are now returning from summer absence. The attendance was large and representative. The dance was held by a number of dinner parties.

Among those entertaining were Mrs. Robert Neustadt, Mrs. J. S. Smith, Mrs. C. H. Chaney, Mrs. Thomas and numerous others.

QUICK SERVICE.
Pasadena opened a municipal employment bureau yesterday morning at 9 o'clock when nine men had applied for jobs. In an hour's time all of them had obtained positions. The seeking positions represented every line of trade.

CARS RESUME OLD SCHEDULE.

INCREASE SPEED BUT ANOTHER SET OF CITIZENS COMPLAINS.

[LOCAL CORRESPONDENCE.]
MAYO BEACH, Nov. 1.—After running for two weeks on a six-mile-an-hour schedule, Magnolia-avenue street cars again conforming to the regulated speed of from twenty to thirty miles an hour. Pacific Electric ordered the Magnolia line cars to run at six miles an hour after complaints had been made that the cars had been exceeding the limit fixed in the city ordinance.

The excessive speed, coupled with the wheels and a rickety roadbed, has made it impossible for Magnolia residents to get on. The flat cars have been replaced with regular street cars, and the old run-time re-established.

Even now some of the people are dissatisfied. E. H. Horsh declared that the snail pace of six miles an hour was fast enough, and he found the cars exceeding the limit stipulated in the city ordinance. He would at once take action against the railroad.

CHARGE BOULEVARDING.
[LOCAL CORRESPONDENCE.]
WHITTIER, Oct. 31.—In the arrest of William Gillie in his home on Milton avenue, at 2 o'clock this morning, on a charge of boulevarding, the local police believe they found one source of the bootlegging that has been going on here.

He is about 25 years old and unmarried. He has resided here for some time. He furnished cash bail for \$200 and will be arraigned tomorrow afternoon and will be arraigned tomorrow afternoon and will be arraigned tomorrow afternoon.

JAPANESE CONVERTED.
[LOCAL CORRESPONDENCE.]
MAYO BEACH, Nov. 1.—Sixteen persons who have recently been converted to the Christian faith by the church of Dr. O. H. L. Mason. Special services were held at the home.

THOUSANDS SIGN "DRY" PETITIONS.

LONG BEACH CHURCHMEN ENLIST TO FIGHT "DEMON RUM" FROM STATE.

[LOCAL CORRESPONDENCE.]

LONG BEACH, Nov. 1.—It is estimated that 1800 members of the Protestant churches of this city signed the petitions circulated in the interest of the 1916 California dry campaign launched in all California churches yesterday.

Eager to attach their names to the paper that will abolish demon rum from this State forever, long lines of temperance workers stood in line following yesterday and last night's services, to sign the petitions stationed at the vestibules of the various churches throughout the city.

One church alone reported 700 names, while the combined signatures from the First Methodist, First Presbyterian, First Baptist and First Christian churches is expected to pass the 1000 mark.

Those who did not sign the petitions yesterday will be given another chance next Sunday. Many temperance workers of this city will depend on signatures received at the churches, but will conduct a thorough house-to-house canvass for names.

A submarine thirty feet long and ten feet wide, equipped with real guns, which will bombard the crowds on either side of the street with Long Beach pennants, is the novel feature which will constitute the local float when the Long Beach Ad Club pays a return visit to the Los Angeles Ad Club Tuesday, November 3.

The Long Beach Municipal Band will accompany the several automobile-loads of ad men, members of other local boost bodies on the junket.

TO BE OR NOT, THE QUESTION.

SAN GABRIEL'S INDETERMINATE MAY BE CALLED TO THE POLLS SOON.

[LOCAL CORRESPONDENCE.]
SAN GABRIEL, Nov. 1.—Is San Gabriel, California's oldest Spanish city, to remain a corporation or go back to the municipality of a county seat?

Mayor G. Dakin and his officials say no, while the opposition says yes. The opposition charges the Dakin administration with expending most of the city money on salaries, with negligence in office and various other things. Mayor Dakin comes back with the statement that his administration has saved the city money and given it a clean city government.

Mayor Dakin says he is American, but the opposition says he caters to the Mexican residents and says they are a detriment to the progress of the city. Mayor Dakin avers that the Mexican residents are good citizens, keep their property in as good, if not better, condition than the whites; that they spend all their wages in San Gabriel and are therefore excellent citizens.

Opponents of the Dakin party say that after the closing of the "Mission Play" December 24, a petition will be circulated asking that an election be called to reincorporate the city and turn it back into the county.

City Treasurer Schoof says that the little city of San Gabriel is in good financial position, having a balance to her credit in the bank of about \$6000. He states that for fire and police protection, etc., it has cost the city only \$448.07 more than if the had been under county control.

Eighty-three votes will be necessary on the petition to call an election to reincorporate and a merry war is promised to the political factions in San Gabriel.

Handed.

KINGS COUNTY GROWS LARGE RICE ACREAGE.

[LOCAL CORRESPONDENCE.]

HANFORD, Nov. 1.—Standing nearly shoulder deep in his field of waving rice, W. H. Willoughby, who has forsaken bean growing in Ventura county for rice growing in Kings county, insists that he has pinned his faith to the new California industry and that the next five years will see Kings county one of the leading rice producing counties of the State.

Mr. Willoughby has only seventy-eight acres in rice this year but he jumped to that acreage from an experiment of one acre last year and his neighbors have taken it up. As yet in the region two miles north-east of Corcoran there has grown a total of perhaps 100 acres. It is now harvested and will yield from thirty to seventy hundred-weight to the acre.

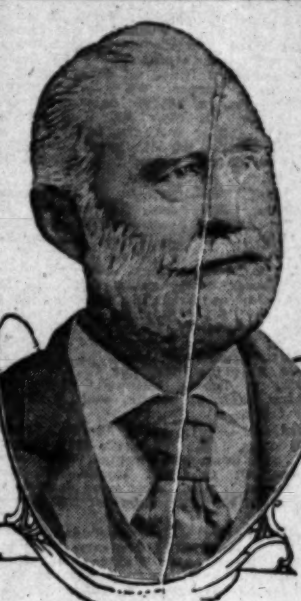

The land on the Willoughby ranch is slightly impregnated with alkali and there are stretches miles in extent in that region of Kings county which have hitherto been regarded as poor land, but which, if rice can be grown thereon, will bring millions of dollars of wealth to the county.

A great deal of interest is being manifested in rice culture here and in other parts of the San Joaquin Valley and the new product is regarded as a very profitable one.

Some years the government made experiments here and pronounced the soil of Kings county ideal for rice-growing, but rather discouraged the industry because it was feared that the quality would not be equal to that grown in other sections of the country, which would make it hard for California to compete in the market.

Experiments the past two years, however, have converted any such danger and the industry has taken space in various parts of the State, Kings county being one of the latest communities to enter into the new field of agricultural operations.

On the Willoughby ranch, the seed-

John C. Pegler, Who died yesterday at Sierra Madre.

VETERAN TRUSTEE PASSES BEYOND.

SIERRA MADRE LOSSES OFFICIAL WHO SERVED SINCE CITY WAS FOUNDED.

[LOCAL CORRESPONDENCE.]

SIERRA MADRE, Nov. 1.—John C. Pegler, aged 67 years, died today after a long illness. Since the organization of this municipality and up until a year ago Mr. Pegler served as Trustee, retiring on account of ill-health.

Mr. Pegler was born in Gloucestershire, Eng. He could trace the genealogy of his family back to the year 1300. His grandfather was the first to invent and use a drill and also the first to establish a system of irrigation for the farms of England.

Mr. Pegler received his education in private boarding schools. In 1859 he came to America and located at Cedar Rapids. He removed to Fochort county, Iowa, and in 1892 came to the Pacific Coast and visited California, and then spent two years in Salem, Or. In 1894 he came to Southern California and purchased nineteen acres of raw land in Sierra Madre, where he set out lemon and orange trees. He made a success of this business and became one of the best authorities on these trees and all classes of citrus cultures.

He was a director in the Lamanda Park Fruit Association, and a member of the Duarte Fruit Association. In 1908 he retired from active business, but continued to take an interest in civic issues. He was the first man in this section to develop water on his ranch, sinking a well 285 feet deep, and during one of the very dry spells here supplied the citizens with drinking water. He was married in England, to Miss Mary Dink, whom he leaves, with one son, Carleton J. Pegler, the City Treasurer, and three grandsons, Harold, Ernest and Donald.

As a vestryman, and for the last four years senior warden, he has been actively identified with the Episcopal Church in this community, where funeral services will be held Wednesday morning.

Only thirty minutes to the Exposition from "Hotel del Coronado."—Advertisement.

JITNEY-BUS PROBLEM.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]
REDLANDS, Nov. 1.—Only two of the jitney buses of the city were operating today. The ordinance making it necessary for all jitney-bus men to carry insurance in the sum of \$5000 went into effect this morning. Most of the bus men had not taken out the insurance and were not operating today. The trustees announced that "trace" of the ordinance making it necessary for the jitney-bus men and it is understood that most of the automobiles will be on the streets tomorrow. The trustees are to meet on Wednesday and a decision the matter will be threshed out and the deadlock probably broken.

AUTO SPILLS, BRUISES SCORE.

Santa Ana Sunday Tourists are Endangered.

Judge Warns Grand Jury to Act Carefully.

County Aid Commissioner to Care for Poor.

[LOCAL CORRESPONDENCE.]

SANTA ANA, Nov. 1.—The lives of a score of persons were endangered in automobile accidents that occurred last night and today near Santa Ana. But one person was severely injured.

This morning an automobile driven by G. A. Walker of No. 401 East Fifth street skidded on a wet pavement on West Chapman avenue, West Orange, and turned over. Walker and his wife, Dr. H. M. Robertson, a physician of Santa Ana, Ralph Ross and Miss Ethel Hill of Boise, occupants of the machine, were pinned down. They extricated themselves from the wreck. Minor bruises were sustained by all of them.

Late last night C. P. Mattern, sanitary inspector of Santa Ana, and his wife were thrown from their automobile when it ran into the rear of a buggy driven by a Mexican. Mattern was blinded by the lights of an approaching automobile on the Huntington Beach boulevard near Bolas.

MULE DITCHED.
A mule driven by the Mexican was thrown into a ditch, and the automobile went on top of him. Mrs. Mattern was thrown face first onto the pavement. Her nose and forehead are so severely swollen that the carmen could not see. The Mexican was not badly injured. Mattern says that there was no light on the buggy.

Last night, while R. B. Hain of Los Angeles, was fixing a tire of his automobile on the side of the road near Irvine, his car was struck by a machine driven by Dr. R. B. Irons of San Diego. Dr. Irons was blinded by the lights of an automobile. A wheel was torn off of each machine. Hain was thrown ten feet, but was not hurt. His companion, C. E. Stone of Los Angeles, also escaped injury. Dr. Irons' car veered off the road and went into the ditch, but did not upset. In the car with Dr. Irons were his wife and two other San Diegans.

WARNS GRAND JURY.
With a warning that a grand jury must base its criticisms upon facts, Judge West today selected the 1916 grand jury.

"You are not permitted," said the

SOCIETY'S FAIRY PLAY.

"Snow White" to be Presented at Santa Barbara Country Club Playhouse.

[LOCAL CORRESPONDENCE.]

SANTA BARBARA, Nov. 1.—Society is preparing for the presentation by Mrs. William Miller Graham of a fairy play, called "Snow White," at the Country Playhouse in December.

Miss Nina Jones, daughter of Mr. and Mrs. M. M. Potter, will play the title role. Mrs. Thomas Knight McCulley will take the role of Queen Grimsmar; Joel Fithian Remington Fithian will appear as Sor Dandiprat Bomba, and J. Langdon Irving will

be Berthold. This will be a play for the children of this section under slightly high society patronage, and society leaders will be the actors.

DUCK ARRESTED.
The most unusual arrest in the history of Santa Barbara has just been made. Policeman Simpkins, at 2:30 o'clock in the morning, took to the City Hall a duck, which was booked for "violating the traffic ordinance." The officer found the duck wandering up State street on the wrong side of the road. Where the duck came from was a mystery until today a resident in the aristocratic section claimed it and then it was discovered the bird is a blue-ribbon fowl.

Fullerton.

FULLERTON TRUSTEES SET PRECEDENT ON LABOR LAW.

[LOCAL CORRESPONDENCE.]

FULLERTON, Nov. 1.—The City Trustees this afternoon decided the question of the complaints of certain teamsters against the O. C. Construction Company in the matter of violating the eight-hour law, Section 453 C, of the penal code, which provides that no one shall be allowed to work more than eight hours per calendar day on a municipal job.

This section provides that when such complaint is made if the city authorities do not deduct the sum of \$10 for each and every such infraction, each one of the trustees shall be liable to a fine of not to exceed \$500 or six months imprisonment or both at the discretion of the court.

Testimony of about twenty witnesses was taken during several days and nights. After hearing the evidence and the written opinions of City Attorney E. J. Marks and William Locks of San Francisco, attorney for the California League of Municipalities, the board decided to throw out all complaints in which the alleged overtime was thirty minutes or less, on the ground of vague and insufficient evidence. The opinion of William M. Ir-

and possibly you will not detect this imitation until the tea-pot reveals it. Demand always the genuine "Salada" in the sealed aluminum packet, and see that you get it, if you want that unique flavour of fresh, clean leaves properly prepared and packed.

IN 32 DAYS THE Panama-Pacific International Exposition WILL CLOSE ITS GATES

The big Fair will soon pass into history; therefore anybody who has not visited its palaces, towers, gardens and exhibits should make prompt arrangements to see it before its close.

An agreeable and interesting way to visit the Fair is to join a Times excursion party. The next special party will leave Los Angeles Thursday evening, November 18th, over the Southern Pacific Railroad with a stop-over at the Giant Redwood Trees in the scenic Santa Cruz Mountains, returning Wednesday, November 24th.

The price of regular coupon ticket book, which includes railroad transportation, Pullman berth, meals en route, admission to the Grove of Big Trees, auto-bus in San Francisco, accommodations and all first-class meals at the Inside Inn, and admission each day to the Fair grounds, is \$42.50.

Make your reservations at once, as the party is limited.

Mayor Sebastian has set November 20th at the Panama-Pacific Exposition as "Los Angeles Day."

Join The Times' Party and make the day a big success.

**LICENSE TAXES
TO BE REVISED.**
NEW SCHEDULE IS PROPOSED
BY COUNCIL.

Finance Committee to Revise General Ordinance Providing for Re-adjustment of Charges Against Various Lines of Business Effective Next January.

Complete revision of the city license ordinances affecting various lines of business that are not under direct jurisdiction of the Police Commission is proposed by the Finance Committee of the Council and it was decided yesterday that this revision shall be made so that the new ordinance can go into effect January 1, 1916.

Recent complaints to the Council have indicated that the ordinary licenses for various classes of business have been framed without "rule or reason" and with changing conditions, some of the licenses are entirely too high while others are much lower than they should be. In framing the new ordinance the Finance Committee will urge that the city's revenue be maintained at about the same amount after the adjustments are made. In view of the plans for revising the entire ordinance, the Finance Committee recommended that the action be taken now on the request from certain laundries that the license for laundry wagons be raised. The committee will recommend, however, that the present ordinance be amended immediately to provide for a charge of \$15 a quarter for merry-go-rounds and Ferris wheels.

HOSPITAL BILLS.
FOR INJURED EMPLOYEES.
The Finance Committee and the Police and Fire commissions conferred yesterday regarding provisions for paying hospital expenses of firemen and policemen who are injured on duty, and a committee was named to confer with the county authorities in an effort to get a special rate for members of these departments who are sent to the County Hospital.

Officials in the conference discussed yesterday that because of provisions in the city charter, the police and fire departments of Los Angeles do not come under the provisions of the Workmen's Compensation Act. The two-platoon fire ordinance provides that a fireman who is injured on duty shall be entitled to the pay roll from the date of injury until he is returned to service and another ordinance provides that medical and surgical care in such instances shall be given by the police surgeon. City employees in other departments who are under the compensation act receive medical and hospital treatment at the expense of the city, but their pay is stopped for two weeks and then it starts at 65 per cent. for the remainder of the time they are laid up. The Finance Committee and members of the Police and Fire commissions believe that the members of the police and fire departments should be treated alike in the matter of pay and hospital service while disabled and when arrangements are made with the County Hospital an ordinance will be drawn to provide that the city shall pay hospital bills for such employees.

BOND PROPOSALS.
BUYERS WANT SECURITIES.
The Council Finance Committee held a conference yesterday to discuss with officials of the water department several offers from local and outside financial concerns seeking to purchase the remainder of the municipal power bond issue. The recent sale of \$1,025,000 worth of the bonds to the Chase National Bank of New York has given the city all the funds necessary to complete the municipal power plants along the aqueduct and no more bonds need be sold until the city is ready to acquire through condemnation or build a transmission line and distributing system. The offers for bonds were considered by the Finance Committee in executive session and none of the offers has as yet been accepted.

ON HOUSING PROBLEMS.
CONFERENCE IS CALLED.
Official call was issued yesterday by the Housing Commission for a meeting at the Council Chamber to-night for a conference on industrial housing problems with a view to bringing about "thoughtful co-operation of the State, county and municipality with private individuals."

Regarding the need for immediate action, the Housing Commission says: "Los Angeles has 30,000 people housed in tenements, but only 10,000 of these are designated by the Housing Commission as 'bad,' either from a sanitary, structural, moral or social standpoint. This forms a menace to the wellbeing of both city and county."

Signs of Christmas.
Municipal Christmas trees and appropriate decorations in the nine public playground stations in Los Angeles are planned by the Playgrounds Commission and the Council will be asked tomorrow to appropriate \$500 to cover the expense of giving the children their good time in their respective neighborhoods. The trees, the Playgrounds Commission says, will be furnished with decorations by the United States Forestry Bureau, but it will take about \$500 to dress and place the trees and carry out appropriate exercises in the playgrounds.

To Remove Ranters.
The Council decided yesterday to eliminate a section of East Fifth street from the district where street speaking is permitted. This action is taken at the request of numerous proprietors of hotels and rooming-houses who say their business is injured because their guests cannot sleep. A new district will be designated with a view to relegating soap-box orators to districts where they will disturb nobody but their voluntary listeners.

Seek Improvements.
Property owners in the Serra Vista district asked the Board of Public Works yesterday to improve Alpha street between Huntington drive and Alhambra road. Since annexation

about three years ago the property owners say the only benefit they have received is free collection of garbage, and they believe it is time for some street improvements and for police and fire protection. In response to a letter forwarded to the Board by Councilman Lindsey, the City Engineer was asked to report on the desirability of arranging for better signs at the street intersections.

Municipal Engineers.
The Public Welfare Committee listened yesterday to the regular weekly protest against the Pacific Electric transformer station at Exposition boulevard and Vermont avenue. Action was deferred for a week and the City Attorney was asked to inform the Council whether the city has a right tooust the company from that location.

City Assessor Mallard filed a request with the Council yesterday asking a raise for two of his deputies from \$150 to \$175 a month and from \$115 to \$130 a month. The request went to the Finance Committee.

At the Courthouse.
**MILLIONAIRE
FAILS TO SHOW.**

**CHARGES NOT TOLD STIMSON,
SAY HIS ATTORNEYS.**

May Appear in Court Monday to Answer Sensational Accusations of His Wife as to His Alleged Relations with Nurse, also Move to Get Diamonds.

That the attorneys for Ezra T. Stimson have not consulted him yet with regard to the sensational allegations made by Mrs. Annie C. Stimson, involving the name of Miss Virginia Gay, an attractive nurse, was admitted in court yesterday when Judge Monroe asked the question. The query came shortly after the case was called on an order to show cause in regard to alimony and for a restraining order, preventing Mr. Stimson from disposing of the \$1,000,000 worth of securities, which Mrs. Stimson admitted she secreted, and later, at the behest of another court, placed with the Los Angeles Trust and Savings Bank, in trust, pending the disposition of her divorce suit.

Mr. Stimson was not in court, but it is probable that he will be present next Monday when the attorneys were asked to bring in information concerning the value of the estate. The fight at present centers on the question whether the property in trust is community or the separate property of Mr. Stimson.

If Mr. Stimson is awarded the property in trust, the court said yesterday that the alimony would be out of that and she will also pay her attorney's fees. This seemed to be satisfactory to all parties concerned. Attorneys Weil and Lawler, representing Mr. Stimson, stated that he is willing to allow Mrs. Stimson \$1500 a month, pending the determination of the suit. Mr. Stimson is said to be \$3000 a month to maintain her in the style to which she has been accustomed. She produced her housekeeping accounts, which show itemized sums paid each month during 1914. The total for the year was \$15,455. These sums did not include all of the expenses.

She testified that since Mr. Stimson left her, she has received no money except \$1000, which his attorneys sent her. As an advance payment, Judge Monroe ordered her paid \$2500 at once. She told the court that her present residence is home-steaded, that she owns property at Beverly Hills and Mexican oil stock.

"I have not one cent of income," she declared. She also said, and the statement will be challenged by Mr. Stimson, that he tried to get diamonds and other property from her. She owns two automobiles, and she said that Mr. Stimson sent a man under pretext to get them from the garage.

The attorneys for Mr. Stimson declared that this personal property was to be given to him under agreement. They also said that some of it belonged to his mother.

LOSES SECURITY.
NEW LEASE SECURED.
The suit of Fred A. Ripley against James D. Plevross, covering an alleged breach of contract and liquidated damages, was decided by Judge Finlayson yesterday in favor of Mr. Ripley. The decision is interesting to owners of buildings and proposed tenants as well.

The evidence shows that Mr. Ripley started the construction of an apartment-house at Venice. Before the building was completed, he entered into a lease with Mr. Plevross, covering ten years at a total rental of \$100,000, possession to be given upon the completion of the apartment-house.

When the lease was made \$1500 was paid as security to apply as rental for the last three months of the ten-year period. The lease also provided that if it should be terminated by the failure of Mr. Plevross or through default, Mr. Ripley should retain the \$1500.

Mr. Plevross never took possession of the building. He refused to do so until he was paid the balance of the \$1500. Mr. Ripley brought suit to have the court adjudge the lease terminated and the \$1500 forfeited. The court held that it was in effect a breach of the contract that the \$1500 should be deemed liquidated damages, resulting from any breach on the part of Mr. Plevross.

"USURY" CASE ENDS.
CHARGE IS REFUTED.

The Southern California Investment Company, and Milton, Hannah H. and Irvine A. Metcalf, the Title Insurance and Trust Company and Frederick J. Williams won the interesting suit brought by Henry O. Wackerbarth to obtain the return of the property of the Golden Bay Hotel Company through failure to pay certain promissory notes. The case involved an alleged violation of the law of usury.

The testimony developed the fact that the Golden Bay Hotel Company, which was organized in 1911, was operated at one time by King George Hotel at Venice. Mr. Wackerbarth brought the suit, claiming that the company had borrowed \$6500 in April, 1914, from the Southern California Investment Company, giving nine promissory notes secured by the personal property of the hotel.

A condition was that the corporation buy a lot for \$4000. The notes bore 10 per cent. interest and represented an aggregate of \$12900. One of the chief contentions, which the court did not uphold, was that this charge was in excess of the rate permitted by law. Mr. Wackerbarth alleged that this lot was worth \$2000. Evidence was offered to show that the lot was worth the price stated and that no attempt

had been made to evade the law. Judge Hewitt tried the case.

**MALFEAS WINS.
WILL GET SALARY.**
Another round in the suit to oust Thomas McAleer from the office of Registrar of Voters, was won by him yesterday when Judge E. P. McDaniel, of Yuba county, sitting in extra sessions court, held that he was entitled to the salary because he has performed the duties of the office.

It was contended by David B. Lyons, who was appointed by the Board of Supervisors, that he should have the salary although he was prevented from taking the office by Mr. McAleer refusing to permit him to enter into possession. The court held with the argument of W. J. Ford, counsel for Mr. McAleer, that where there is a contest the salary of such an office shall not be paid to any person except than to the incumbent, provided the latter is performing the duties of the office.

The ouster suit will come before Judge McDaniel for trial on the 16th inst. The real fireworks are expected to be set off then.

**MUST TRY AGAIN.
COMPLAINT IS FAULTY.**

The demurrer of John W. O'Day to the second amended complaint of Mary E. Hill, involving the purchase of 240 acres, was sustained by Judge Hewitt yesterday when he refused to amend. The court held that as there were several distinct transactions, they should appear under separate counts. He also found that while Mrs. Emma W. O'Day is joined as a defendant, it does not appear why she was brought in.

Mrs. Hill, who is 70 years old, bought the acreage at \$250 an acre. She alleges that she relied on Mr. O'Day's statement as to it being fine land, with water. The trial of the suit will determine whether these alleged representations were made. It also appears from the complaint that Mrs. Hill appointed Mr. O'Day agent to conduct her business affairs. She asks judgment for \$1450 and exemplary damages of \$10,000.

**IN AND OUTS.
ABOUT THE COURTS.**

INCORPORATIONS. Universal Investors and Manufacturers' Association, incorporators P. E. McDonald, L. M. Tupper, Marcus M. Levinson, John H. Theding, Benjamin Julian, L. J. Barber and F. W. Owen, membership fee, \$5; Los Angeles Rice Milling Company, incorporators, H. Morey, S. Delmont, R. E. Koko, R. H. Hoshizaki and E. M. Mura, capital stock \$10,000, subscribed \$500; Pasadena Colored Social Center and Day Nursery, incorporators, W. H. Hux, M. H. Hux, Henry Noel, George Harris, Mrs. Alberta Fields, John R. Wright, T. L. Ransom, Mrs. Mollie Moore, J. T. Long, Joseph J. Burch, Harold S. Prince, John W. Lewis, Mrs. Abbie Pyle, Mrs. Cora B. Hicks, Mrs. Katie M. Treat, Virginia Ransom, Mrs. Nancy McKim, L. O. Robinson and G. D. Powell, no capital stock.

NAME CHANGED.
NEW SUIT NECESSARY.

Alhambra Nest No. 1520, Order of Owls, leased the property of G. E. Stiffer for lodge rooms. The Owls fell into arrears with the rent, and before the landlord brought suit they changed their name to the Alhambra City Club. Mr. Stiffer named both organizations in the suit to recover the rent, claiming that the organizations were individuals, and he had no right to sue by the association name. The defendants filed a demurrer, claiming a misjoinder of parties defendant, that the Owls had gone out of existence. Judge Stiffer yesterday sustained the demurrer with leave to amend.

**INS AND OUTS.
ABOUT THE COURTS.**

MUST AMEND. The members of the Board of Supervisors in 1914 won a victory yesterday when Judge Hewitt sustained their demurrer to the \$20,000 complaint of Matilda Blount, growing out of injuries sustained when she fell into a storm drain in South Bonnie avenue, Pasadena, January 17, 1914. The court gave leave to amend, stating that if the facts requiring the erection and construction of this storm drain are such as to bring it within the doctrine of a case quoted, they ought to be made to appear.

MUST PAY OWN BILL. When it appeared from the testimony yesterday that Mrs. Lillian S. Dunn bought at a Pasadena store after she had started suit for divorce wearing apparel costing \$85 and charged the bill to her husband, Dr. J. T. Dunn, Judge Monroe censured her. In awarding her \$75 a month alimony pending the trial of the suit, the court told Mrs. Dunn that she must pay for the wearing apparel charged to her husband, out of the alimony.

CHARGE DISMISSED. Theodore Roberts, the actor, was brought into court yesterday and examined as to his ability to pay a \$500 alimony judgment obtained by Mrs. Lucy Roberts in the New York courts. He was examined by Presiding Judge York, and said that he had no property or funds. The proceeding was dismissed. Mr. Roberts receives \$16.66 a day, paid daily in advance. He denied that he had transferred any property to another person.

FULL AMOUNT GIVEN. William Bayley asked judgment for \$37,740 against the Consolidated Mining Company, W. R. Ramsdell and Joe D. Denton, covering various claims and notes. Yesterday Judge Hewitt judgment for this amount and also awarded \$4000 attorney's fees and costs of the action.

FIRST OFFICIAL DAY. Referee Shontz, until recently known as Miss Orfa Jean Shontz, assumed the duties of her official position yesterday by working hard all day in temporary chambers getting her calendar ready. Referee Shontz will handle the cases at Juvenile Hall, preparing her findings and submitting them with her recommendations to Judge Reeve of the Juvenile Court. The position was recently created, and Miss Shontz was selected by Judge Reeve as the best qualified among the several women applicants.

FOR NEW TRIAL. Arguments for the retrial of a \$47,000 damage suit instituted by Miss Ida Fay, owner of the Herber Arms Hotel, No. 2400 Wilshire boulevard, against Miss Helen Mathewson, from whom she purchased the lease and furnishings, were presented before Judge House yesterday. The case was tried several months ago and a \$22,000 judgment returned in favor of the plaintiff. The application for a new trial was taken under advisement.

LITTLE LIBERTY BELLS. Sanborn, Vail & Co. are putting out thousands of little "ye liberty bell" souvenirs in the form of a miniature bell. The souvenirs, intended to encourage patriotism, are handled in conjunction with the wholesale concern's school lines, named after the old bell.

ACCUSED POLICE
DENIED FREEDOM.

COURTROOM IS CROWDED IN
THE HEARING OF HABEAS
CORPUS PLEA.

Judge Craig's courtroom was crowded yesterday afternoon, when habeas corpus arguments in behalf of William Cahill and Samuel Dominguez were presented by Attorney Dominguez. Numerous friends of the two policemen held on charges of manslaughter for the slaying of 17-

year-old Chester Nolan, were present, including several uniformed members of the police department.

A dramatic presentation of lengthy transcripts of the evidence presented at the preliminary hearing of the accused slayers was the feature of the session, the loud voice of the attorney resounding through the building and attracting many pedestrians from the street.

Judge Craig denied the application of the defendants for a further reduction of bail for the defendants was taken under advisement by the court. The amount at present is \$1500 each.

The District Attorney's office was represented at the hearing by Deputy

Doran, who is conducting the prosecution. W. J. Ford, in behalf of the defendants, supplemented Attorney Dominguez's argument.

DUNCAN PRELIMINARY.

Hearing of Slayer of Police Sergeant Tooten Begun Before Justice. To Resume Tomorrow.

Many friends and acquaintances of Harry Duncan were in Justice Sumner's court yesterday at his preliminary examination on a charge of murder for the killing of Police Sergeant John F. Tooten at the Duncan home, No. 4947 Marmion way, October 19, Deputy District Attorney Shel-

ley, conducting the prosecution, produced as witnesses Patrolman W. B. White, who was with the slayer, and William T. Day, the sheriff who arrested Duncan. The testimony they gave was about as vividly published in accounts of the tragedy.

Associated with Deputy District Attorney Shelley is W. B. Heinemann, of the District Attorney's office, formerly of the defense. The trial will be continued tomorrow.

There is nothing so reliable as Chamberlain's Cough Remedy, famous for its quick cure of colds and coughs.—Advertisement.

BATTLE ON BORDER, THREE AMERICANS SHOT.

NO LONDON VIA BERLIN NOT A VERY EASY JOB.

Harry Carr Reveals How He Broke Through the British Lines.

Royalty a Thing to Display on the Continent, but in England They Keep it Under Cover—Aftermath of a War Correspondent's Trip—Good-bye to the General Staff in the Kaiser's Capital.

BY HARRY CARR.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, Nov. 1.—Traveling from Berlin to London through two war zones is as simple and easy as climbing a greased pole and has all the charm and fascination of an aching tooth. I had a passport so smeared with German police labels that it looked like the index of a Baedeker. The English took one look at it and almost stopped the war. They were just about as glad to see me as though I had been the Kaiser.

The trip from Berlin to London was, however, a curious adventure. When I left Berlin the summer season was just coming to an end. The air was filled with the crisp sparkle of an early autumn. Fashionable people were returning from the summer resorts of the Bavarian Alps. Under den Linden, which I think is the finest street in the world, was a festival of gaiety and life.

Society girls with cocky little hats and high laced cossack boots flattered around the cafes and the big hotels like gay little sparrows. Two or three days before I left, the great wooden statue of Von Hindenburg had been erected in the Tiergarten and one of the fashionable guard regiments had been recalled from the east front for the ceremonies. So the Linden was positively giddy with swell young officers with their monocles and gorgeous uniforms.

AT THE ADLON.

At tea time the Adlon Hotel was like a levee. One day the Crown Princess Cecilie stopped for tea and another afternoon we heard the trumpet that announces a royal automobile and the Kaiser's son-in-law, the Duke of Brunswick, dropped in with his charming little wife. Almost every afternoon the dashing little

(Continued on Second Page.)

GERMAN CROWN PRINCE IS DEAD ACCORDING TO VATICAN OFFICIAL.

[BY ATLANTIC CABLE AND A. P.] (30)

TURIN, Nov. 1 (via Paris, Nov. 2, 5 a.m.)—Crown Prince Frederick William of Germany, is dead, according to a Rome dispatch to the Gazzetta del Popolo, whose correspondent asserts he was informed by a diplomat accredited to the Vatican that the news had been received by the Secretary of State in a cipher message from the papal nuncio at Vienna, Monsignor Scapinelli. The diplomat is said to have refused further details and to have assured the correspondent the news was authentic.

The last previous report of the death of the Crown Prince was in March last, although prior to that time he had frequently been reported killed. It was stated in September that he had broken down as the result of the strain of the offensive undertaken in the Argonne by the troops under his command.

DOUGLAS PANIC STRIKEN AS AMERICAN FALLS FROM VILLA BULLETS.

[BY A. P. NIGHT WIRE.]

DOUGLAS (Ariz.) Nov. 2 (3 a.m.)—Bullets are falling thickly on Seventh street in Douglas, where Jones was wounded. The people of the neighborhood were panic-stricken. Men were afraid to remove their wives and children. Women and children remained in their houses, with bullets pattering on the walls and roofs.

Heavy fighting from the Villa lines still continues. Bullets fall in all parts of this city, and a mile from the boundary line.

Calles, the general of the Carranza forces at 2 o'clock reported forty-five dead and seventy five wounded.

Heavy firing on all sides of Agua Prieta was renewed at 1 o'clock this morning. The Carranza garrison has exploded mines along the front over which they expected the Villa charge to take place.

Firing is very violent on the west side of Agua Prieta, indicating Yaqui Indians from Naco are attempting to storm the town from that side. All Villa artillery was in action, pounding the Calles defenses south and west of the town at 1:30 o'clock and Calles replied with guns, rifles and mines. Many bullets began falling in Douglas, Ariz.

H. K. Jones a letter carrier, was shot by Mexican bullets as he stood in front of his home. Apparently Villa forces are making a big dash to storm and capture the town.

A Calles officer said: "We have killed half those Yaquis." The Yaquis under Generals Urbalejo and Mendez are said to number more than two thousand.

At 2:05 o'clock Calles officials reported Villa attacks had been repulsed with many dead lying all around the Carranza trenches.

"We hold Agua Prieta for years," they added.

AMERICAN FLAG TO FLY OVER THE PACIFIC OCEAN.

[BY A. P. NIGHT WIRE.] (30)

NEW YORK, Nov. 2.—Philip Manson, a director of the Pacific and Eastern Steamship Company, recently incorporated in this State, declared last night that within two months his company will have six vessels operating under the American flag between ports on the American Pacific Coast and Oriental points. Manson who is to be manager of the line, says the Lafollette seamen's act, which goes into effect three days hence, is not as harmful as some steamship owners have sought to make it appear.

"The seamen's act is a much overrated bugaboo," he said.

Discussing the recent sale of the Pacific Mail Line steamers by their owners rather than register them under the American flag. Mr. Manson said he believed they were disposed of because they could be sold at a profit. It is Manson's opinion that the language—which has been greatly objected to—would not prove highly objectionable. Within a month he thinks the Pacific Mail line officers who spoke English could have taught their crews their language well enough to comply with the law. With the act 75 per cent of the crew must understand the language of their officers.

FRENZIED HUSBAND SHOTS HOLES IN HOUSE.

Discovering his wife entertaining a stranger, at an early hour this morning, H. H. Wilson of No. 1512 West Temple street, an employe of the Echo Park Garage, opened fire with a large revolver and shot several holes through the walls of his home within six inches of his wife's guest. Sergeants U. L. McIntosh, Rios and Greeley of the "Flying Squadron" who rushed to the scene of the shooting placed Mrs. Wilson and her friend who gave the name of Thomas Rattan, No. 1505 North Main street, under arrest and charged them with contributing to the delinquency of Albert Wilson, 8 years of age, son of Mrs. Wilson.

GIRL SINGS, THOUGH BADLY BURNED.

After singing all evening in a downtown theater, Miss Bobbie Barrett of No. 566 Indiana street, early this morning made her way to the Receiving Hospital and asked for treatment for her hands which she had burned at her home early last night. According to the doctor who gave the young woman treatment he is unable to understand how she was able to sing and dance in a theater when both hands were a mass of first degree burns. The girl told the doctor that she, early in evening, upset a lamp and the burning oil splattered her hands.

AGUA PRIETA ATTACKED BY VILLA'S FORCES.

Rebels Halted by Wire Entanglements Dig Themselves into Trenches.

Many Bullets Cross the International Line—Combatants Warned by the United States Commander—Gen. Funston Hurrying to the Scene—Six Thousand U. S. Troops Under Arms.

[BY A. P. NIGHT WIRE.]

DOUGLAS (Ariz.) Nov. 1.—Corporal Jones of Co. G, Seventh Infantry, late tonight was shot through both thighs by a Carranza soldier, who leaped from his trench at Agua Prieta shouting "Viva Carranza," and fired six shots at Jones, who was on patrol near the boundary in the rear of the customhouse. The American soldier is not seriously wounded.

DOUGLAS (Ariz.) Nov. 1.—Gen. Francisco Villa's attack on Agua Prieta, which began shortly after noon today, continued late into the night. The lull in the afternoon fighting ended at 6 o'clock this evening and with carefully placed shots from field pieces, rapid fire and rifles, Villa kept the Carranza forces in the Mexican town defended by Gen. P. Elias Calles incessantly in action.

Losses on Calles' side up to 10 o'clock tonight were eight killed and twenty-four wounded, according to his own reports.

VILLA REPULSED.

Villa, according to the same source of information, had been repulsed with 200 killed in one rush tonight upon the barbed wire entanglements, south and east of the Agua Prieta defenses. One Villa deserter, who came across the line, reported he had seen but two killed.

On the American side, Louis R. Taylor, of Calaveras county, Cal., a restaurant employee, who was among a throng of spectators and Mexican women and children refugees at the United States customhouse, was wounded. A fusillade of bullets from a machine gun on the Villa lines splattered among the crowd, one hitting Taylor in the back as he turned to flee and paralyzed him, amid the screaming hysterical mob of refugees.

CEASES FIRING.

Villa ceased general firing at 6:45 o'clock, the Carranza garrison keeping up a hot fire from all guns for an hour afterward. At each lull Villa's gunners and machine gun operators near the border on the east side of Agua Prieta would place a few shots, and again start the garrison digging deep into the supply of ammunition which Calles said amounted to more than fifteen million rounds.

Villa, according to his own statements yesterday and again today before the battle, is short of provisions and water and possesses only a limited supply of ammunition. This prompted the belief that the attack would be a desperate attempt to capture Agua Prieta at the earliest moment.

BUILDINGS HIT.

In the machine gun fusillade at the customhouse, several buildings struck the building. One plunged through a window, near Maj. George C. Stull, army chaplain, who was sitting on the porch. Another struck a post on the northern end of the building, but a foot or two from the head of Second Lieutenant Frank F. Scowden, of the Eleventh Infantry. The first battalion of the Eleventh Infantry was on duty at the customhouse. Maj. John B. Bennett and his commanders rushed the Mexican refugee women and their children into the American trenches for protection from the firing.

Taylor, whose mother, Mrs. M. E. Howard, lives at Angels Camp, Cal., was picked up by soldiers and hurried to a field hospital under a railroad culvert. His condition tonight is said to be serious.

TWELVE LIVES LOST IN TENEMENT FIRE.

[BY A. P. NIGHT WIRE.]

NEW YORK, Nov. 1.—Twelve persons were burned to death in a fire which destroyed the three-story tenement house at No. 66 North Sixth street, Brooklyn, tonight. More bodies are believed to be in the ruins. The fire started in the lower part of the building and spread rapidly to the upper floors, cutting off the means of escape. Nearly all the occupants were asleep when the blaze was discovered.

AMERICAN SHIP GOES ON ROCKS.

[BY ATLANTIC CABLE AND A. P.]

KIRK WALL (Orkney Islands) Nov. 1.—The American tank steamer Llama, stranded yesterday morning on Skae Skerries, Westray Firth, twenty-seven members of the crew were landed. The remainder, with the captain, are standing by the vessel. Another steamer is in attendance.

The Llama, owned by the Standard Oil Company, is one of the German steamers placed under American registry at the outbreak of the war. She was formerly named the Brilliant.

MAY BE TOTAL LOSS.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Nov. 1.—The American Consul at Dundee, Scotland, cabled the State Department today that the Llama was not likely to remain afloat, being badly damaged. The Consul reported no loss of life.

The Consul reported that a British prize crew was aboard the Llama when she stranded but he gave no details. His dispatch was the first information that the Llama had been seized by British naval authorities.

RANCHER "TOUCHED."

[BY A. P. NIGHT WIRE.]

H. J. Brown, a rancher from Altadena, reported to the police this morning he had been "touched" for \$200. Brown said he found a woman on the street and they journeyed to Vernon. After their return, Brown said he missed the money, when he found it out the woman had also disappeared.

SEAMAN'S ACT AS AN INCUBUS.

Repeal it, Suspend it, is the Burden of Many Pleas.

New Law Goes into Effect on Day After Tomorrow.

New Commercial Treaties are Necessitated by Statute.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Nov. 1.—The quest that Secretary of Commerce Redfield suspended temporarily the provision of the seamen's act, effective November 4, referring to the physical requirements of sailors, was telegraphed to Washington today by J. O. Davis, collector of the port, at the suggestion of the Pacific Navigation Company and several other San Francisco steamship companies. Steamship officials contend that if this particular provision is enforced they will be unable to find enough men to operate the boats out of this city.
It is asserted that men who have been working as able seamen for years have been declared not able seamen by government inspectors. Of 1000 men working out of this port only 100 have been found wanting and denied certificates because of physical deficiency.

TREATIES AFFECTED.
(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 1.—New commercial treaties probably will have to be made as the result of the abrogation of provisions of existing treaties by the wording of the new seamen's act, it was indicated today at the State Department. Great Britain so far is the only government which officials have agreed to the change, but two or three governments have sought information on the subject. State Department officials feel that Congress may enact legislation at the coming session and that it will avoid conflict with existing treaties.

RECEIVERS FOR CANNERIES.
London Company Alleges Pacific Coast Concerns Failed to Carry Out Contract and Ask Accounting.

(BY A. P. NIGHT WIRE.)
SEATTLE (Wash.) Nov. 1.—Temporary receivers were appointed today for the West Coast Trading Company and the London Company, packing companies of Seattle and J. J. Lindenberg, Inc., of Astoria, Or., on a showing made before United States District Judge Cushman by the Lindenberg Cold Storage and Canning Company, Ltd., of London, England. A restraining order also was issued. The defendants own a large cannery at Astoria, Or., canneries at Nushagak Bay, Craig and Red Point, Alaska; also a cold storage plant at Pittsburg, Cal. Complaints allege that a contract was entered into between the three firms for the exportation of salmon to London in 1914 by which the latter was to take over their business. It is alleged the companies have refused to fulfill their agreement, after receiving \$100,000 from the London corporation. The complainants seek an accounting and settlement or fulfillment of their agreement, after receiving \$100,000 from the London corporation. The complainants seek an accounting and settlement or fulfillment of their agreement, after receiving \$100,000 from the London corporation.

BUTTER AND MILK SALES.
Superintendent of Weights and Measures Told Producers How to Prepare Product for Market.

(BY A. P. NIGHT WIRE.)
SACRAMENTO, Nov. 1.—Charles G. Johnston, State superintendent of weights and measures, has issued a ruling to the California Creamery Co-operative Association that butter must be prepared for sale in a certain way, weighing either one or two pounds and that in no case shall a package be prepared that weighs a third or a fraction of one pound.
The second decision, given to the milkmen's association of California, holds that milk must be sold according to the standard gallon measure, which is divided into quarts, pints and gills. Under the meaning of this decision cream and milk can not be sold in quantities measuring a fraction of a gill, pint or quart.

REVISE LEUT. OAK FINDINGS.
Court-martial that Tried Officer of the Cruiser San Diego Meets to Go Over Evidence.

(BY A. P. NIGHT WIRE.)
VALLEJO (Cal.) Nov. 1.—The board of court-martial which tried Leut. Edgar E. Oak last August, on charges of culpable inefficiency in the performance of duty, resulting in explosion of boilers aboard the U.S.S. San Diego, in which nine lives were lost, reconvened here today under orders from the Navy Department to revise their findings in the case.
Although news of the matter was strictly guarded, it was believed that only slight changes were indicated. The board met only a few minutes. Nothing was made public regarding the outcome of the court-martial, which was held over three other members of the San Diego complement on charges of negligence.

COL. REBER TO TESTIFY.
(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Nov. 1.—Lieut. Col. Samuel Reber, chief of the aviation section of the United States army, arrived today from Washington, D. C., to appear tomorrow as the last witness for the prosecution in the court-martial of Leut. Col. Lewis E. Goddard, advocate of the western department of the army.

The sole reason for the Times regularly printed more classified advertising than any other newspaper in the world is the fact that this newspaper gives the "Liner" advertising patron quicker and more satisfactory results than any other newspaper in America.

MUTT AND JEFF—Some Soldiers are Certainly Playful. By **BUD FISHER.**

VILLA WRATHY AT AMERICANS.

Says He will Fight Uncle Sam and Carranza, Too.

He Just Received Word of First Chief's Recognition.

Col. Sage at Nogales Reports the Situation is Tense.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 1.—After consultation today between the White House and the War Department it was decided that the orders given to American troops on the border last May to return any fire from Mexican territory that endangered lives on the American side of the line—would be effective in the present situation at Nogales.
Should bullets continuously fall into Arizona and jeopardize the safety of American residents, American troops, without further reference to Washington, are to shell that faction which is responsible for the firing into American territory.
Maj.-Gen. Funston was en route to Nogales tonight to take personal command of the situation.
From Alpine, Tex., and Marfa, Tex., today as he journeyed westward, he relayed to Secretary Garrison the following reports on the situation:
"Following from Col. Simpson, Douglas, Ariz., received by me while en route to Douglas:
"In an interview with reliable man, who lives here at 3 this afternoon, Gen. Villa learned for first time that Carranza had been recognized by the United States and that Carranza reinforcements were being transported through United States for the garrison at Agua Prieta. He became very angry and declared that he was through with them all; that that was how he was to be repaid for the protection he has given Americans and other towns, and that he would take Agua Prieta if he had to fight the whole Carranza army and the United States combined. Villa launched into a tirade against the United States government with the assertion that he only had 12,000 troops and he was now advancing on Agua Prieta and he would throw over the border to Carranza and the United States, fighting both at the same time if necessary. The above information I believe trustworthy. It came from a man who knows Villa personally. He informed Gen. Davis of the facts."

TEAR UP TRACKS.
"Also the following from Col. Sage at Nogales, Ariz.:
"Gov. Randall tore out railroad tracks crossing international boundary this afternoon, suspending all possible traffic. Reported he intends to build more across gaps in international line and prohibit all communication between the two towns. Evidence that the military and populace are being misled. Anti-American feeling running high. Situation tense. Reported fighting between Villa troops at Yuma and Carranza troops under Gen. Eugene today. Several railroad bridges burned between Hermosillo and Torreon."

Gen. Funston's later telegrams transmitting messages from Col. Simpson at Douglas stated that the movement of Carranza troops across American territory having been completed, he would call in all guards of American troops that had been placed along the railroad.
Dispatches today from Vera Cruz state that the Carranza Government, in order to stop the wanton killing of cattle for their hides and cattle thefts, had prohibited the purchase of hides from anyone except the presidents of the various local cantons.

ALL MADERO PROPERTY SEIZED BY CARRANZA.

(BY A. P. NIGHT WIRE.)

EL PASO (Tex.) Nov. 1.—The Madero family property in Carranza territory, amounting to millions, has been confiscated, according to arrivals from Torreon today. It was said that Albert Blair, general manager of the Madero estate, has been given twenty-four hours to leave Torreon, and, according to reports, Blair is now in the hands of a British subject, he is appealing to the British Embassy in Washington.
The Madero family property includes extensive ranches at San Pedro de las Colonias, Parras and other points in Coahuila and includes a smelter at Torreon, Durango. Confiscation is said to have been based upon the support of the Madero family given to Gen. Villa.
Other reports state that the Carranza officials are restoring to rightful owners property confiscated by Villa and confiscating property of those who are alleged to have assisted Villa.
With the exception of Julio Madero, a former colonel of Gen. Obregon's staff, the Madero family is reported barred from Mexico.

MEXICAN REVEALS BANDITS' RIFLES.

(BY A. P. NIGHT WIRE.)
BROWNVILLE (Tex.) Nov. 1.—A Mexican arrested Sunday by the military authorities and who is alleged to have been a member of the band that wrecked a train north of Brownsville October 11, today took American soldiers to a point on the Rio Grande River about ten miles above Brownsville and revealed a sunken raft large enough to transport thirty men. The raft was weighted down under the water. But cutting a cord it was released and came to the surface.
The same man also revealed buried in the ground near the bank about a dozen rifles and ammunition.
The authorities believe there may be rafts at different points along the river to permit escape after raids.

CARRANZA ISSUES BANKING DECREE.

(BY A. P. NIGHT WIRE.)
GALVESTON (Tex.) Nov. 1.—Information has reached the Carranza representative here that the First Chief has issued a decree that all banks must hold 50 per cent. of their issue of paper money in gold reserve. Should this be insisted upon, most of the banking institutions would be compelled to liquidate, it is said.
"I am going to look over the situation to present plans for carrying out the decree."

MAJ.-GEN. FUNSTON IS ON THE WAY.

(BY A. P. NIGHT WIRE.)
EL PASO (Tex.) Nov. 1.—Maj.-Gen. Frederick Funston, commanding the Frontier Department of the United States Army, passed through here tonight en route to Douglas, Ariz., to assume command of the American forces on the border there. He is due to arrive early tomorrow.
"I am going to look over the situation tonight, and refused to discuss his orders."

BRITAIN TO FOLLOW AMERICA'S LEAD.

(BY ATLANTIC CABLE AND A. P.)
LONDON, Nov. 1.—The British government has not yet been officially notified of the recognition of the Carranza government in Mexico by the United States and it is expected that British acknowledgment of the Constitutional chief will follow Washington's lead.

VILLA DEFEATS OBREGON'S ARMY.

(BY A. P. NIGHT WIRE.)
EL PASO (Tex.) Nov. 1.—Arrivals here from Torreon brought news of the defeat of about 3000 of Gen. Obregon's Carranza forces by a much larger Villa force at San Carlos, on Saturday, on the line to Durango. According to the account, Obregon sent his men to clear out what he believed to be a small force of Villa soldiers. It was said they ran into a Villa force of about 6000 men. The Carranza force returned. It was said, with twenty-two cars of wounded soldiers.

GEN. HUERTA ILL IN PRISON.

(BY A. P. NIGHT WIRE.)
EL PASO, Nov. 1.—Gen. Victoriano Huerta is seriously ill in the prison hospital at Fort Bliss. A doctor is in constant attendance. Close confinement is said to be the cause of Gen. Huerta's illness.

MEXICANS RELEASE AYTON.

(BY A. P. DAY WIRE.)
EL PASO (Tex.) Nov. 1.—Ernest K. Ayton, British subject, recently kidnapped by Mexican soldiers at Guenacavi, Durango, has been released, according to a message received by the acting British diplomatic agent here today. The fate of the priest kidnapped with Ayton is unknown.

COAL MAY GO INTO JUAREZ.

(BY A. P. DAY WIRE.)
EL PASO (Tex.) Nov. 1.—The temporary injunction secured by the Carranza Consul at this port preventing the El Paso Southern and the El Paso, Rio Grande and Santa Fe railroads from transferring 100 cars of the National Railways of Mexico into Villa territory via Juarez was dissolved by the district court today. Action was taken on the motion of the Cedar Hill Coal and Coke Company, intervenor in the suit.

VILLA GOODS TO BE HELD.

(BY A. P. DAY WIRE.)
EL PASO (Tex.) Nov. 1.—Notification of the intention to detain indefinitely all shipments from Villa territory through the customs district of El Paso was posted today by Zach L. Cobb, Collector of the Port, under authority of the Treasury Department.

BABIES BORN ON ARMY TRAIN.

(BY A. P. DAY WIRE.)
DOUGLAS, Nov. 1.—Four babies were born on two of the troop trains which early today brought reinforcements to the Agua Prieta garrison via Eagle Pass and Laredo. Two of the babies were twins. The mothers accompanied their husbands into the trenches.

HANGS HIMSELF FAR OUT AT SEA.

BODY OF CHICAGO MAN FOUND AS STEAMER REACHES HONOLULU.

(BY PACIFIC CABLE.)
HONOLULU (T. H.) Nov. 1.—The body of a first-class passenger listed as H. P. Edwards was found hanging in a stateroom when the steamship Ventura arrived here today en route to Australia.

A letter was found in the stateroom addressed to Capt. Raymond Sheldon, No. 1224 Republic Building, Chicago. Edwards had told passengers on the Ventura during the voyage from San Francisco that on November 1 he would be 39 years old. He also spoke of personal troubles which had been bothering him of late.
Edwards was booked through to Sydney. Only a small amount of cash was found among his effects.
The Ventura sailed from San Francisco October 26.
BROTHER OF ARMY OFFICER.

(BY A. P. DAY WIRE.)
CHICAGO, Nov. 1.—The "H. P. Edwards" who committed suicide on the steamship Ventura, was a brother of Capt. Raymond Sheldon, U.S.A., stationed at Chicago. Capt. Sheldon,

who was greatly shocked at the news, admitted over the telephone that Edwards was an assumed name and that "the boy had been in trouble." He declined to talk further.

BOOKED AT NEW YORK.
(BY A. P. DAY WIRE.)
SAN FRANCISCO, Nov. 1.—At the office here of the Oceanic Steamship Company, owners of the Ventura, it was said that "Edwards" passed to Sydney had been booked at New York and instructions telegraphed here not to give him possession of his steamer ticket, but to turn it over to the ship's purser after "Edwards" was aboard.
He arrived here from New York a few days before the vessel's departure and appeared at the office of the steamship company.

MOODY WEDS CHICAGO GIRL.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, Nov. 1.—J. Rowland Moody, son of Mr. and Mrs. Walter I. Moody of Los Angeles was married here tonight to Miss Elsiebeth Caliger, daughter of Mr. and Mrs. Thomas D. Caliger. The ceremony was performed at the Congress Hotel by Rev. Dr. Albert J. McCarthy. The reception and procession were played on a pipe organ which was installed for the occasion.

What o'tomorrow?

THE industrial ambition of Los Angeles is but the sum of the individual ambitions of our people encouraging the individual ambitions of our manufacturers.

The Brownstein Lewis Company is one of the industrial concerns that have prospered by keeping their ideals high and their energies at concert pitch. Not only has this enterprise advanced rapidly the past five years, but it is building firmly. It started the "Sport" shirt popularity last summer. Thousands of men are wearing HENDAN shirts.

I not only give "Made in California" merchandise a preference, when qualities and prices are the same, but our Mr. Rebard has worked with many a concern to help improve their products.

It is said that "industrially, a city becomes famous only when its individual manufacturers make themselves famous." There is something to add, however.

—whenever possible the residents of a community should buy merchandise made in their city and thus help the manufacturers become famous. A good word, a mention, in conversation, or correspondence, with folk of other cities, never hurts the industries of your city.

Detroit, Cleveland, Battle Creek and Minneapolis have made unusual industrial growths because of two reasons:

—persistent National advertising by their industries.
—loyalty and patronage whenever possible by their residents.

If every boy in our schools would plead with his mother to buy products made in Los Angeles he would do much for his future. Our young men, when they finish school, do not want to go East in search of work. Los Angeles should use the services of the young people she invests her money so well to train.

I am wearing a Los Angeles made shirt as I write this.

A Combination Food and Drink

Something That Will Make the Weak Strong and the Strong Stronger.

It is coming more and more to be realized that food plays an all-important part in the scheme of life. Many people of excellent ability are handicapped seriously in their daily work by a diet which makes them slow and heavy, both mentally and physically.

No matter whether you are sick or well, weak or strong, young or old, there is one food product that you can depend upon for beneficial results—and that is Malted Milk. Here is a combination food and drink that is recommended by physicians all over the world as an invaluable staple of diet. It is palatable to the taste, easily assimilated, restores energy, and affords proper nourishment with a minimum tax on the digestion.

All users of Malted Milk will be interested to know that "The Grand Prize" (highest possible award) at the San Francisco Exposition was given to this world-famous brand known as "Borden's Malted Milk in the Square Package."

You will never realize all the beneficial possibilities in Malted Milk until you have tried Borden's; in fact, you cannot afford to experiment with inferior kinds. At all good drug stores.

'ANTI-KAMNIA TABLETS FOR Locomotor Ataxia

In a very interesting article on Locomotor Ataxia, Dr. Henry C. Barry says that drugs have practically no beneficial effect in these cases. He says that rest should be insisted upon, and there should be no worries or troubles. Plenty of fresh air and moderate exercise must be insisted upon and over-exertion is injurious. The use of tobacco and alcohol should be strictly forbidden, and over-eating is dangerous, especially when the food is poorly masticated. The most serious danger in these cases is the pain which at times is almost unbearable. It is this pain that the Anti-Kamnia Tablets relieve in an hour if necessary, gives prompt relief and rest to the patient. These Tablets can be obtained at all drug stores in any quantity desired at 25c for a box of 10 Tablets. Also unsuited for headaches, neuritis and all pain. F. A. Taylor, Inc. writes success to A-K Tablets.

Many Babies Suffer.
Too many babies do not get started right because patience and the proper care was not given the hopeful mother. Experienced mothers now urge the use of Mother's Friend, to be had at any drug store, because they know from experience that this old-fashioned remedy, applied externally, is absolutely harmless and is very beneficial. It soothes the muscles, cords and ligaments and relieves the undue tension, giving great physical relief from stubborn pains. Its influence in the skin and network of nerves causes the muscles to expand naturally. Thousands of women have successfully used it for two generations.

Experts Say: "Asphalt-Base"

Engineers of both Packard and Ford organizations, Lieutenant Bryan, a Government expert, and other authorities, declare that motor oil made from Western crude gives best results.

The majority of Pacific Coast motorists have known this for years. They are using Zerolene in preference to any other oil because they have found it highest in lubricating efficiency.

But the crude can't do it all. Standard refining methods—the result of more than forty years experience—are largely responsible for the superior lubrication Zerolene gives your motor.

Zerolene—made from asphalt-base, selected California petroleum—won highest competitive awards at both Expositions.

POINTERS FOR PICTURE SHOWS.

NOTED NEW YORK EXHIBITOR TELLS EXPERIENCES.

Advantages of Advertising and Value of Individuality to the Theater Owner are Emphasized in Address to Great Gathering of Local Managers.

At a banquet given in his honor by the local representatives of the Mutual Film Corporation at Christopher's yesterday afternoon, S. L. Rothapel, manager and part owner of the Strand Theater in New York, addressed one of the largest gatherings of individual exhibitors ever assembled in this city.

Mr. Rothapel is one of the leading exhibitors of America. His first theater, the Danmore, was in his father's saloon, seated about 250 persons. Seven years ago Mr. Rothapel knew nothing of the motion-picture industry. He took his first step when he returns to New York, he will take charge of the Rialto, now in course of construction, and which will be the largest photoplay theater in the world.

Mr. Rothapel is touring the United States, lecturing upon the advantages of advertising and the value of individuality to theater owners. He is making the tour under the personal supervision of John R. Frueler, president of the Mutual Film Corporation. There are twenty-seven cities in Mr. Rothapel's itinerary. Los Angeles being sixth on the list.

Dr. Atkinson, chairman of the gathering, after a short speech introduced Mr. Rothapel, and the latter emphasized the fact that exhibitors all over the country are not organized, that they do not give necessary attention to details in their theaters. He illustrated his points with occurrence after occurrence, showing that the exhibitor is the basis of the industry, yet he, among all the other units of the vast business, has not advanced. Courtesy is the cheapest thing in the world and the hardest thing to secure. Many a poor showman has been saved by the fact that his staff was courteous. Don't forget that another great thing in the construction of your program.

The great basis of today is the feature. I hate the name. We will not have real features until the manufacturers enter the open market and compete with each other. Don't let go feature material. Build for yourself. Build your program carefully. Variety. The five and six-reel feature will not last. Aren't you fellows going to 1000 ft. 300-foot reels? The 12 pictures are not here, but you are going to live to see 15 pictures.

Music is another great problem. The old-fashioned way of having the orchestra play "soft stuff" when the heroine weeps and a clattering little interlude when a horse gallops across a bridge is all right. The charm of the motion picture is its subtlety and the proper music will add to this quality.

"You can't all be Belascos, but use your heads. You can't all do the wonderful things you see done every day. But you can do one thing—get efficiency."
